

## BLAZE RUINS KINER HOUSE EARLY TODAY

The home of Paul Kiner, one mile south of York Springs on the Hampton Rd., was destroyed by fire early this morning. York Springs Fire Chief Harry Mumper estimated the loss at \$7,000. Tentatively listing the cause as defective wiring, Mumper said he understood the loss was partially covered by insurance.

York Springs firemen were called to the burning home at 12:25 o'clock this morning. Chief Mumper said Kiner, a widower, and his son, the only occupants of the house, had left the frame, composition-siding eight-room home about 2 o'clock Wednesday afternoon for a visit with friends in Duncannon.

The fire was noticed by neighbors about 12:20 this morning and the York Springs firemen summoned.

### FIRST FLOOR AFIRE

On their arrival, Chief Mumper said, firemen found the entire first floor of the structure afire and the blaze leaping into the second story. York Springs summoned Hampton and East Berlin fire companies through the radio quick-call system here and as a result six pieces of apparatus and more than 100 firemen took part in the battle against the blaze.

The house was badly gutted by the fire and about half the roof had burned off before the flames were extinguished. Firemen used water from booster tanks and from Bermudian Creek, about 800 feet away.

With the exception of a deep freeze and a hot water heater in one corner of the cellar which apparently were no more than smoked, all furnishings in the house were destroyed by either fire or water, the York Springs fire chief said.

East Berlin and Hampton firemen left the scene about 3:15 and York Springs firemen left the home about 4 o'clock this morning.

Kiner was located by phone at the home of friends in Duncannon by neighbors in the York Springs area who knew of his whereabouts and arrived at the scene sometime after firemen had started their battle against the blaze, Chief Mumper said.

## ROGER WAGNER CHORALE TOPS CONCERT LIST

At a meeting of the board of directors of the Gettysburg Concert Association held at the West St. branch of the Gettysburg National Bank Tuesday night it was announced that the feature concert of the season will be the Roger Wagner Chorale with instrumental accompaniment, Stecker and Horowitz, duo pianists, on November 10 in Christ Chapel, Gettysburg College.

Other artists will be selected at the end of the membership campaign beginning September 10 and will be governed by the number of memberships sold.

Paul W. Grove, the new president, presided at the meeting, with 12 board members present. He announced the following appointments for the year: Second vice president and membership chairman, David Bushman, and co-chairman, Mrs. William C. Darrah, Arendtsville; third vice president and publicity chairman, Mrs. Guyon E. Buehler; headquarters chairman, Mrs. Earl Bowen; hospitality chairman, Dr. W. Frederick Shaffer; campaign dinner chairman, Mrs. Henry M. Scharf; concert chairman, R. Henry Ackley; appointments chairman, Mrs. William M. Lott; nominating committee chairman, Dr. W. K. Sundermeyer, and auditing committee chairman, Dr. Frederick W. Tilberg.

### AUGUST CAMPAIGN

Bushman reported that he is preparing a letter to go to all campaign captains and will call a dinner-work meeting during the last week in August. A letter of appreciation was sent to Mrs. Janet Schmidt who served as headquarters chairman for several years.

It was brought to the attention of the board that, in the past, officers and board members have been furnishing what entertainment is required for the artists following the concerts. They voted that in the future the nominal cost shall be borne by the association. It was suggested that the artists be taken to the Hotel Gettysburg after the concerts where association members may meet them.

Mr. and Mrs. Carroll Irvin and sons, David and John, and daughter, Cecelia, Brownsville, Tex., are visiting Mr. Irvin's mother, Mrs. David Irvin, Carlisle St.

## Little Pet Dog Is Found In Town

A little dog, friendly as can be, and scarcely six inches high awaits his owner at the Dr. Richard C. Newsham Kennels, Fairfield Rd.

The little fellow was found near the residence of Fred Hummelbaugh, Buford Ave., by some children and was taken to the latter's home. Hummelbaugh took the dog for safe keeping to the local veterinarian.

Hummelbaugh said the little fellow is very friendly, especially around children.

If the owner does not call for the pet he will be turned over to the Society for the Prevention of Cruelty to Animals.

### Young Abe Lincoln of New Salem, Ill., never faced harder times than the cast of the sparkling Broadway musical making its last stand this week at the tent theater on Baltimore St. next to the Jenie Wade Museum.

Despite the energetic scramble of the talented troupe that has given some rousing performances to an audience sometimes outnumbered by the cast, Gettysburg's "Young Abe Lincoln" will quietly fold its tent unless local patrons quickly muster stronger support for the show.

According to Robert Cherin, general manager of the production, "Abe Lincoln" will fold Saturday or Sunday evening unless there is a strong indication that the troupe can secure \$4,400 in ticket sales between now and September to meet minimum expenses. While Cherin and his colleagues were high in their praise of the manner in which local citizens have tried to keep the show alive, he indicated that only a greater response from patrons could keep the play on the boards past Saturday.

The actors have played many roles in Gettysburg, but none harder than that of salesmen. They have used their free time working out schemes to draw bigger houses. They have addressed local groups. They have done everything they can.

The fate of "Young Abe Lincoln" is now in the hands of Gettysburgians. Only theater party groups and concerted action by the public will keep the theater up to September.

"Young Abe Lincoln" is fine entertainment. Pitched also at youngsters, it is an adult show, a real family show with good music, excellent singers, action, humor, sentiment and point.

Perhaps there are enough clubs, societies and other groups in the area, who are sufficiently interested in keeping the show going who might purchase blocks of seats in quantities that would assure continuance of the production until September 1 and assure Abe Lincoln's second visit to historic Gettysburg a success, in a measure, at least, and not a flop. Should "Abe Lincoln" fold the future of historic pageants here, a Centennial must, appears doomed.

Gettysburg is no place for the public to part company with Abe Lincoln.

## File Deeds For 4 Property Sales

Mary H. Goulden, Gettysburg R. 2, sold a property on W. Middle St. for \$4,500 to Ellis L. Smith, Gettysburg.

Mr. and Mrs. Marshall J. Chapman, Freedom Twp., sold a property in Freedom Twp. for \$4,000 to Mr. and Mrs. I. Marshall Clayton, Shade Gap.

Mr. and Mrs. Ralph W. Boyer, East Berlin, sold a property in that borough for \$800 to the East Berlin borough.

Mr. and Mrs. Maurice D. Myers, Oxford Twp., sold a property in Abbottstown for \$500 to Mr. and Mrs. Laverne K. Lawrence, Abbottstown.

## \$25,000 LOSS IN BARN FIRE THIS MORNING

Damage was estimated by the owner at \$25,000 when a barn on a farm owned by Lester Van Arsdale, Biglerville R. 2, was destroyed by fire this morning.

Biglerville firemen were summoned at 3:36 o'clock when the family of Albert Fisher Jr., tenants on the farm east of Biglerville, were awakened by light of flames from the barn.

Biglerville firemen said when they arrived the entire top of the barn was in flames.

### USE FARM POND

Using water from a pond, the Biglerville firemen were able to save a corn crib and the Fisher car which was parked in the corn crib.

The owner explained that the barn was used as a "loafing shed" by the cattle during the summer but that all of the cattle were out in the pasture at the time of the fire.

Destroyed with the barn were a nearly new cornpicker, a grain drill, hayloadeer, a pickup attachment for a combine and other equipment and tools.

Also destroyed were about ten tons of hay stored in the large barn.

Van Arsdale said the cause could not be immediately determined and said it "might have been defective wiring, or some vagrant might have been around the place."

## Graveside Rites Held In Goodyear

Graveside services for David Bruce Beam, infant son of Mr. and Mrs. Gerald C. Beam, Gardner R. 2, who died at the Carlisle Hospital Wednesday, were held at the Goodyear Cemetery at 1 o'clock this afternoon with Rev. Douglas Borden officiating.

Surviving in addition to his parents are his maternal grandmother, Mrs. Beatrice Etzweiler, Harrisburg, and paternal grandparents, Mr. and Mrs. Clair Beam, Gardner R. 2.

## New Job Tax Makes Dollar Aristocracy By Legal Fiat

While it was a gloomy, overcast day Wednesday the Adams County commissioners cast rays of sunlight into a lot of lives when they set up the Gettysburg equivalent of "Burke's Peerage" with the caste assignments for the new occupation tax.

Those "little" people you saw walking the streets, chin up, chest out, had just achieved a new status. Their prominence was now officially a matter of law. They had, in the opinion of the Adams County Commissioners, top rank by a county fiat.

The highest heads, of course, belonged to the \$600 group. This was real class—the top of the heap—equality with college presidents, CPA's, big bankers, attorneys, presiding judges, undertakers and doctors—a curious coupling this last pairing.

### TOSSED OUIJA BOARDS

The commissioners, in seeking a "fair, realistic, equitable assessment basis," had obviously tossed away their ouija boards.

With a nice show of semantics, they had dubbed the new measure an "occupation tax," about the only verbiage they could have used to include the "unemployed."

## REC CONCERT FRIDAY NIGHT

A concert-recital will be given by the instrumental music students of the recreation program at Recreation Park Friday evening at 7:30 o'clock.

A number of ensembles will be featured in the concert to be presented on the basketball court by the elementary band. There will be presentations by ensembles of clarinets, saxophones, flutes, cornets and mixed brass quartets plus numbers by the elementary band.

The concert is the one held annually during the final week of the organized classes in instrumental music held as part of the recreation program.

Instructor Robert Zeigler asked parents and other spectators to bring their own folding chairs if they wish to be seated during Friday night's concert. Benches and picnic tables are some distance from the planned location of the concert. In event of rain, the program will be held in one of the permanent buildings at the park.

## The Earl's Reaction

Like any other five-year-old boy, Charles James Spencer-Churchill, the Earl of Sunderland, hates to be all dressed up. At-tired in satin suit and tuxedo with ostrich plume for his role as a page at a London wedding, the earl, a cousin of Sir Winston Churchill, stood his ordeal as long as he could. After the church wedding, he began acting up at the reception. He made faces and began sticking his tongue out. (AP Wirephoto by radio from London)

## 16 Americans On Holiday Abroad Drown When Huge Bus Plunges Into A Lake

By MICHAEL GOLDSMITH  
HERGISWIL, Switzerland (AP)—Divers groping through the chill depths of Lake Lucerne today located the tourist bus that plunged off a rain-slick road after colliding with a truck and carried 16 American vacationers to death.

One of the 22 survivors described the accident as "the noise, the jolt and a crash—all too quick."

Fifteen bodies, by police count, were in the bus when it was located at a depth of about 165 feet by special electromagnetic equipment. It lay more than 60 feet offshore, having slid off a ledge after its first plunge.

### 35 AMERICANS ABOARD

The bus, carrying 35 American passengers and a staff of three Europeans, collided with the truck-trailer Wednesday and crashed through the railing where the highway is carved out of an almost sheer rock cliff rising from the water.

In the few minutes before the vehicle slid to the bottom, 19 passengers and the three crew members fought their way out through the windows.

All but two of the survivors were kept overnight in hospitals. Doctors said nearly all would be released in a few days.

"The bus was filled with water in a matter of seconds," said Stanley M. Smith, 54, of Kansas City, Mo. "We hardly even knew what happened."

### BUS TURNED OVER

In the next hospital bed, Charles Krepps, 65, a research analyst from Los Angeles, described the horror-filled moment when the bus plunged into the lake.

"The bus turned over on its side before we hit the water and it seemed to me it was still turning when I put my feet out and gave myself a shove to the surface," he said.

Krepps and Smith fought their way through a window in the forward part of the bus. They said (Continued On Page 3)

## Officers Foil Hyjacking Of Plane In El Paso, Texas; Puncture Tires On Takeoff

EL PASO, Tex. (AP)—Gunmen attempted to take off in a hijacked Continental Airlines Boeing 707 jet today and officers opened fire on the plane.

A hail of bullets fired by officers punctured tires and forced the huge airliner to roll to a stop.

The plane started to taxi from the spot where it had been parked for almost five hours and police at the field opened fire.

Several cars filled with officers followed the plane down the runway.

At least seven tires were flattened and the plane rolled to a stop.

Policemen did not attempt to board the plane, but sought to negotiate.

### AIRPORT IS CLOSED

The airport was ordered closed to all traffic.

All six crew members and four volunteer hostages were reported safe after the attempted takeoff.

## J. S. LAWRENCE DIES THURSDAY AT AGE OF 101

Joseph Samuel Lawrence, thought to be Adams County's oldest resident, died at the age of 101 at 3 a.m. Wednesday at the home of his son-in-law and daughter, Mr. and Mrs. Joseph H. Miller, Hanover R. 4.

Mr. Lawrence was a son of the late David and Sarah Lawrence. He was born Nov. 2, 1859, at his parents' farm home on the Locust Grove School road near McSherrystown, and was a lifelong resident of Conewago Township. He enjoyed good health until the past two years.

A farmer, he managed the property that has been in the family about 150 years, until he was in his 80s, when he retired. His wife, Catherine Anna Klunk Lawrence, died in 1941.

### FUNERAL SATURDAY

The deceased often said he remembered the days of the Civil War, when troops marching through McSherrystown appropriated his mother's fresh-baked bread and milked the family's cows. In his 100th birthday, in 1959, Brushtown and McSherrystown residents surprised him with a parade and serenade by the De-lone Catholic High School band.

He was a member of Annunciation of the Blessed Virgin Mary Church and the Holy Name Society.

Surviving, in addition to his daughter, Mrs. Miller, are five other children, Bernard A., David H. and Henry K. Lawrence, Hanover R. 5; Richard A., Hanover R. 5, and Mrs. Grant Keagy, 418 Third Street; 20 grandchildren; 27 great-grandchildren and four great-great-grandchildren.

Funeral services will be held Saturday, with prayers at 8:30 a.m. at the Walter Funeral Home, McSherrystown, followed by a requiem mass at Annunciation Church. The Rt. Rev. Msgr. Patrick F. McGee will be celebrant. Burial will be in the parish cemetery. Friends may call at the funeral home Friday evening, when the Rosary will be recited at 8 p.m.

## 15 KILLED IN AUTO MISHAPS IN 7 MONTHS

Fifteen persons have been killed in Adams County and 125 injured as a result of auto accidents investigated by the state police during the first seven months of this year.

Last year during the same seven months, the number fatally hurt in accidents on county highways was 10.

While the number of fatalities has soared, the number of accidents investigated by the officers has decreased, as has the number of persons not fatally hurt. During the first seven months of this year there have been 182 accidents to which the local state police have been called. The number compares to 222 during the same period a year ago.

### INJURIES AND DAMAGES

During the same period there have been 125 persons injured—compared to 152 a year ago.

Because of fewer accidents so far, damage totals are slightly less than for the same period in the prior year. The 1961 damage so far is \$142,440. During the comparable period in 1960 damage from auto accidents was estimated at \$159,620.

During July, according to the recapitulation prepared by Sgt. Joseph Tappe of the local substation of state police, there were 30 accidents in which one person was killed and 15 hurt and damage was \$18,775. The month compares with June 1961, when there were 34 accidents in which three were killed, 31 hurt and damage was \$35,850 and with July 1960, when 37 accidents were investigated, no one was killed, 19 were hurt and damage was \$26,575.

Last month the officers at the local station made 147 arrests on traffic charges, conducted 27 criminal investigations and made 16 arrests on criminal charges.

## Hold Funeral For Mrs. F. C. Lepperd

Funeral services for Mrs. Lydia E. Lepperd, 62, wife of Dr. F. C. Lepperd, who died at her home, Aspers R. 1, Monday, were held from the Dugan Funeral Home, Bendersville, Wednesday morning with Rev. Dr. O. D. Coble officiating. Burial was in the Upper Bermudian Cemetery. The pallbearers were: G. E. Motter, Guy Bream, Guy Deardorff, Harry Deardorff, Harold and Harry Emlet and Gary Gein.

## Fugitive Who Fled County With \$52,000 Loot Nabbed In Robbery Of Two Banks

William Neal Shanks, 26, formerly of Littlestown R. 1 and more recently of Baltimore, and former bookkeeper at the Penn-Moc Shoe Company at Fairfield, today was jailed at Westminster, charged with robbing a bank at Union Mills July 21 and at Uniontown, Md., Wednesday. State police here, the FBI and other police forces had been searching for Shanks since May 3 when he disappeared and it was discovered that \$52,000 of the Penn-Moc Shoe Company's money was also missing. State police brought charges of forgery against Shanks alleging he had forged checks of Penn-Moc to secure the \$52,000.

### SEEN IN LAS VEGAS

In the course of their investigation, officers learned that Shanks had been seen in Las Vegas on June 8. At that time he had apparently abandoned a blue Cadillac convertible he had bought just before his disappearance and was described as driving a yellow station wagon.

On July 21 when an armed bandit entered the Union Mills branch of the Westminster Trust Co. and fled with \$2,000 in small denomination bills, George Smeak, manager of the branch bank, said the robber had made his getaway in a yellow station wagon. Cpl. James Treas of the State Police barracks here then took a picture he had of Shanks to Union Mills because of the yellow station wagon similarity. Smeak said he thought the man pictured was the one who robbed the bank.

### SCRUTINIZES PHOTO

Among others who studied the photographs of Shanks was Sgt. James S. Poteet, of the Maryland State police. That "look" was to "pay off" Wednesday afternoon.

At 12:15 o'clock Wednesday afternoon a man walked into the Uniontown, Md., bank, 12 miles southwest of Westminster, and pointing a gun at the teller, Mrs. Grace Smelser, ordered her to give him "all the money in the safe." Mrs. Smelser gave him a few packets of bills, amounting to about \$1,250, and the gunman left. Mrs. Smelser and a customer who passed the bandit as he left the bank, Mrs. Earl Stonestifer, called police and gave a description of the get-away car, a light blue Ford.

Westminster police notified Maryland state police and at 12:30 o'clock there were two rings of state police cars patrolling roads in the area.

### SHANKS IS RECOGNIZED

One of those on the patrol was Sgt. Poteet. On the Falls Road near Cockeysville, Poteet saw a car approaching. It was a blue Ford. As he came closer the trooper recognized Shanks from the photographs shown him earlier by Cpl. Treas. Poteet wheeled his car about and gave chase. At 1:17 o'clock Wednesday afternoon he stopped Shanks and found in a suitcase on the seat beside him a .22 calibre pistol and packets of bills bearing the name of the Uniontown branch of the Birnie Trust Co.

Sgt. Poteet said Shanks surrendered without a struggle.

The arrest took place about 25 miles from Uniontown.

State police here said investigation so far has disclosed that Shanks purchased the Ford on July 20, the day before the Union Mills bank robbery, putting the title of the car in the name of a girl friend.

In addition to the charges of bank robbery brought in Maryland and the forgery charges here, Shanks was also reported as being sought in Maryland since January for violation of a parole from the Patuxent Institute of Maryland.

## FORMER AIDE TO VISIT IKE

James P. Mitchell, former President Eisenhower's secretary of labor for more than seven years and now the Republican nominee for governor of New Jersey, will call on General Eisenhower at the latter's office Friday morning at 11 o'clock. He will be accompanied by several other New Jersey Republican leaders.

Secretary Mitchell recently broke his leg when he fell in his hotel suite. Because of the nature of his injury he will be met at the Harrisburg Airport and will be driven to Gettysburg for the Eisenhower meeting. He is due at the airport about 9:30 o'clock.

A report from Newark this morning that former President Eisenhower has been invited to address a fund-raising dinner for Mitchell could not be confirmed today. A spokesman at the Eisenhower offices said he was not aware of any such invitation.

Mr. Mitchell and his party are expected to return to the Harrisburg Airport about noon.

## Two Are Jailed By Justices Of Peace

Clifford R. Palm, 40, Yeagers-town, was lodged in the county jail Wednesday by Littlestown police charged before Justice of the Peace R. W. Rittace with passing worthless checks.

George W. Buzard, 25, Mars, was placed in the county jail Tuesday night by state police, charged before Justice of the Peace Robert P. Snyder with driving while under the influence of intoxicants and carrying a concealed weapon.

# BELIEVE WEST EQUALS REDS IN EVENT OF WAR

WASHINGTON (AP)—Current appraisals in informed Washington circles are that Western forces would be a virtual match for Communist troops in a conventional war.

The feeling here now is that Western allies have far more powerful ground forces in Europe than popularly believed.

Behind this thinking:

1. American and North Atlantic Treaty Organization divisions are larger and have more firepower than the Communists, and actually outnumber them on the critical central European front.
2. The Allies are believed to have as much tactical air power on the central front as the Communists.

**NUCLEAR POWER**

3. The Allied nuclear power exceeds that of the Soviets even though they may be superior in their ability to deliver it via long-range missiles.

This picture is beginning to emerge here in information obtained from Defense Department officials and sources in congress while the Berlin situation remains critical.

The U.S. forces in Europe may be bolstered with a substantial portion of the 38,000 men in 71 Air National Guard and reserve units alerted for possible active duty Tuesday.

They could help build up conventional air power and air transport capabilities in the NATO region.

**CITES RED PROBLEMS**

In an appearance before the House Armed Services Committee last Friday, Secretary of Defense Robert S. McNamara took a view much in step with current appraisals here of the military situation.

He said that "overestimates" of Red power fail to take into account "the problems that the Soviet Union is likely to have with the satellites in the event of an armed conflict."

McNamara said he believed that Soviet Premier Khrushchev has "grave doubts" about whether the East Germans would fight for him in event of a conflict over Berlin.

**CAN'T TOP NATO**

And, the Pentagon boss said in the testimony made public Monday: "There is no reason for us to assume that the Soviet Union can run over NATO. It can't."

McNamara also criticized the press for what he said was failure to distinguish between different kinds of divisions and thus building a "false conception of the Soviets" as "12 1/2 feet tall."

There are 22 NATO divisions, much fewer than the Soviet Union is believed to have in Europe. But the feeling here is that differences in size and firepower more than balance out the numerical difference.

**TWINS DISCHARGED**

The twin sons, Kerry Jay and Terry Ray, born July 8 to Mr. and Mrs. Ronald H. Collins, 323 Commerce St., Waynesboro, have been discharged from the Waynesboro Hospital. The parents are formerly of Gettysburg.

**FACES COST CHARGE**

David F. Miner, 18, Abbotstown, was charged with operating an automobile bearing an outdated official inspection sticker Wednesday by Hanover police in information before Justice of the Peace Dayne E. Garrett, Hanover.

RAWALPINDI, Pakistan (AP)—Pakistan today announced it has recognized the rebel Algerian government-in-exile headed by Ferhat Abbas. It was the first ally of the West to recognize the provisional government leading the fight for Algerian independence from France.

Pakistan and France are both members of the Southeast Asia Treaty Organization. Pakistan in addition is linked to the West by its membership in the British Commonwealth and the Central Treaty Organization and through economic and military aid agreements with the United States.

LONDON (AP)—Maj. Michael O'Leary, first Irishman to win the Victoria Cross in World War I, died Wednesday after two weeks in a London hospital. He was 76.

O'Leary won Britain's highest military award for valor in 1915 for rushing two trenches alone, killing eight Germans and capturing two and then bombing a machinegun nest. He came through unhurt.

After the war O'Leary was a member of the Canadian Mounted Police in Ontario and later worked for a London hotel.

**Wall Street Has Rosy Glow As Dow Jones Passes High**

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—When the stock market closed Tuesday, July 26, the Dow Jones price index of 30 leading industrial stocks stood at 686.37.

That night President Kennedy told the nation he proposed to step up defense spending sharply and increase the size of the armed forces.

When the market closed Tuesday, Aug. 1, the index stood at 713.94, a record high.

Congress had been quick to start legislative moves to put the President's plans in motion. Stock traders had been even quicker to put their own evaluation on what lies ahead for business.

This doesn't mean that prices necessarily will advance steadily, nor that stock traders may have second thoughts now and then. The President's move, however, was just what the market needed to move it out of a period of hesitation.

For business, as distinguished from the stock market, the new arms buildup merely adds momentum to a move already under way. Even before the President spoke, business fully expected steadily increasing activity in the months ahead.

**EXTRA SPENDING**

And the extra government spending will come at a time when industry is particularly ready and able both to meet the demands to be put upon it and to profit from the government's action.

Many industries have idle capacity. This means that any increase in demand can be easily handled. Also, the nation's stub-

born total of unemployment means that the manpower, except for some specialized skills, is available.

For stockholders the prospects are even brighter. Profits already have started to rise from their recession setback. As sales rise, profits should rise at an even faster pace. That's what stock traders are looking for.

A call of reserves and militia could hurt some companies if they lost key men. But here, too, the growing labor force and the large number of jobless mean business can adjust more easily than if the Berlin crisis had come during boom times and a labor shortage.

Most firms have their inventories in good shape. Excess stocks have been used up. Supplies are available if business spurts.

Companies with overseas connections also see more opportunities in the offing, now that the threat of a possible trade war between two rival European blocs seems dim.

**COMMON MARKET**

The move of England, Denmark, Norway and Ireland to seek close ties with the Common Market nations—France, West Germany, Italy, the Netherlands, Belgium, Luxembourg—forecasts further growth in the already booming European economy. That can mean more demand for American industrial materials and perhaps for American consumers goods to be sold to more prosperous Europeans.

All this is why the stock market has taken on a rosy glow. But Wall Street is a place of quickly changing moods. And the cautious will remember that, in today's world there are many probabilities but few iron clad certainties.

**\$400 DAMAGE IN LOCAL CRASH**

Damaged totaled \$400 to two automobiles, a no-parking sign was damaged and a piece of marble was torn out of a home on W. Middle St. about five minutes after midnight this morning when a motorist failed to stop at the red blinker light at the intersection of W. Middle and S. Washington Sts., borough police reported.

Police said Charles W. Anderson, 17, Aspers R. 1, driving a 1955 Chevrolet sedan south on S. Washington St., struck a 1955 Plymouth station wagon driven by Richard L. Walleveber, 29, Austin, Minn., who was traveling west on Middle St. The Chevrolet struck the right rear fender of Walleveber's Plymouth causing it to run over the curb and strike the home occupied by Dr. W. S. Mountain and the State Health Clinic and a no-parking sign. It received a bent left wheel and broken tail pipe. Damage to the Chevrolet, which included the right front fender, grille, bumper and radiator, was estimated at \$150, while damage to the Plymouth was \$250.

Police said that Anderson will be charged with failing to stop at a red blinker light.

## VFW RECEIVES CITATION FOR LOYALTY DAY

The Gettysburg VFW today announced receipt of a citation from national VFW headquarters for the local group's recent Loyalty Day program, and also announced plans to present "Young Abe Lincoln" at the post home Saturday night and King Brothers' three-ring circus on the VFW grounds August 28.

Commander Eugene B. Miller reported that the national VFW headquarters at Kansas City had sent the local post a citation for outstanding work in connection with the recent loyalty program which included an essay contest and dances for teen-agers and adults.

Commander Miller turned the certificate over to Walter O. Powell, chairman of the program. Donald Carver Jr., Mary Beth Hughes and Charles Korte were first through third place winners in the essay contest held as part of the Loyalty Day program.

John E. Kerrigan reported on plans of the VFW to have a presentation of the play "Young Abe Lincoln" made on the stage at the home on E. Middle St. at 10 o'clock Saturday night. A cover charge of \$1 will be made to pay for the presentation of the play by the cast which has been giving the play daily in a tent on Baltimore St. Kerrigan, declaring the play "shouldn't be missed" said the decision to have it put on at the VFW stage was designed to "make it more convenient for VFW members to see it."

Wayne Asper, VFW Home Association president, said the visit of the King Brothers Circus here August 28 is designed to raise money for the charity fund of the VFW. The circus features elephants, camels, lions, tigers and other wild animals, as well as outstanding trapeze artists, acrobats and clowns, Asper said.

## A Lovelier You

By MARY SUE MILLER

OASIS FOR DRY SKIN. Owing to the searing effects of summer sun and weather, dryness becomes the major skin problem of the moment. Even normal skins suffer from parch and flake. The marks of a chronically dry skin—fine lines and crepey texture—are greatly accentuated.

But bad as they may be at present, all of those conditions if not checked could worsen by autumn. The checks to use are a moisturized suntan preparation, a moisture cream or lotion for wear under powder base, and a corrective night-care product.

What's wanted in the way of night care is a cream that provides moisture and natural oil replacement. In formulating such creams, cosmetic science has made giant strides.

One ingredient, squalene, almost exactly duplicates natural skin oils. Another takes the form of polyunsaturates, a natural

element essential to firm, young skin. Then there's panthenol, a European discovery that aims to control flake.

In some formulas, squalene and polyunsaturates are combined with lanolin, that old and good friend of the skin. Lanolin, you know, is also a close kin to the skin's own oils.

In addition to their efficiency in relieving dryness, these creams are pleasant to use—gossamer, delicate, greaseless. Spread and absorption are rapid. To completely film the face, only the least bit is required. Yet so little does so much!

A LOVELIER COMPLEXION. Whatever your skin problems, to find a solution send for my booklet, "A LOVELIER COMPLEXION." Detailed advice contained includes the correct care for dry, oily, combination and normal skin types; proper application methods; treatments for blackheads, enlarged pores, circles, wrinkles, crepiness, etc. For your copy of "A LOVELIER COMPLEXION," write me: A Lovelier You, Box 158, The Gettysburg Times, Dundee, Ill., enclosing a LARGE SELF-ADDRESSED, STAMPED ENVELOPE and 20c in coin to cover cost and handling.

the rear door wouldn't open. Most of those who died apparently were seated toward the rear.

### RESCUE TWO SISTERS

A floating tire and ropes thrown from shore helped two sisters from Milwaukee, Wis., to survive the ordeal. They were Nora Pannier and her sister, Vynita Pannier, both teachers. They suffered only cuts and bruises.

"We were able to open a window and I think maybe we were pushed out by the pressure of water pouring into the bus," said Mrs. Pannier.

Thirteen of the 16 trapped in the bus were women. The body of an elderly woman was recovered Wednesday night. She apparently had escaped from the bus as it slid out of sight but drowned.

### HONEYMOONERS SAVED

Two honeymooners, Mr. and Mrs. Robert Work, each 21, of Connellsville, Pa., were released from hospital and taken to the Lucerne Hotel where rooms were reserved for the entire party.

Divers failed in their first attempts to reach the vehicle, but more heavy equipment was rushed to the scene for the attempt to hook the bus with steel cables.

Barges with cranes and winches were floated into position to lift the vehicle once it is secured.

The electromagnetic apparatus found the bus site two hours after dawn.

### BLOCK HIGHWAY

Police blocked off the narrow mountain highway to keep a gathering crowd of hundreds of spectators away from the rescue operation.

U.S. Ambassador Robert M. McKinney visited the survivors and said: "None seems to have any serious injuries. A few have very minor injuries but they will be up and around, I am sure, in a few days."

McKinney said, "The prompt and extremely sympathetic response by both the Swiss officials and private citizens in this tragic accident is a great and shining example of the Swiss spirit of humanitarianism, for which I expressed the thanks of my country."

Remigi Blattler, president of the cantonal government, and other Swiss officials accompanied the ambassador.

### USE GYM AS MORGUE

Officials in Hergiswil prepared a gymnasium as a temporary morgue. Simple wooden coffins were stacked in readiness.

The 43-day tour through nine European countries was organized by Gateway Holiday Tours of New York. Each traveler paid \$1,027 or more for the trip. The group of 30 women and five men came from all parts of the United States. Many were schoolteachers. A number were elderly. Some were retired. They left New York in June and were taken through Southern England, the Netherlands, Germany, Belgium, Luxembourg, Austria Italy and France before entering Switzerland last Saturday. They were due in Paris Friday and should have begun leaving for home Aug. 11.

The bus was driven by Bruno Giacomello, 45, from Como, Italy, an experienced driver on twisting Alpine roads. A Swiss couple, Mr. and Mrs. Hans Gut, acted as tour conductors. All three were among the survivors.

tention of flying it to Cuba. How was due in El Paso at 2:05 a.m. It landed on a ramp a few minutes after the scheduled time.

One passenger, Jerry McCauley, 18, of Sacramento, Calif., said the hijackers pulled guns on the airliner's crew just before it arrived over El Paso.

McCauley said that after the craft landed one of the crewmen told the passengers to remain in their seats for their own good.

McCauley said several women became hysterical and the gunmen ordered the ramp down and told the passengers to leave the craft.

### CALL FOR VOLUNTEERS

McCauley said the gunmen told the passengers that four of them had to remain with the crew as hostages. They called for volunteers.

McCauley said three men volunteered and then a serviceman changed clothes with a civilian and joined the three other hostages.

An hour after the plane landed military personnel were ordered to the scene from nearby Ft. Bliss.

Another passenger, William H. Richards of Bend, Ore., described one of the gunmen as about 50 years old and slightly bald. Richards said the youth looked like a high school boy with long wavy blond hair and wearing peg-legged pants.

### BOTH HAD GUNS

Richards said both hijackers held guns across their laps as they herded passengers from the airliner.

Another passenger, Miss Mary Ellis of San Antonio, said: "I was pretty scared. I thought I might end up in Havana and I didn't want to go."

She said passengers didn't know of the hijacking until the airliner touched ground.

Miss Ellis said her impression

## Benefit Game Is Postponed

(Continued From Page 1)

Intermittent rain today and the threat of continued inclement weather has resulted in postponement of the benefit exhibition baseball game between Harney and Littlestown scheduled for this evening at Littlestown.

The benefit for Danny Overholtzer, Harney player who fractured his leg during a regular league game, has been tentatively rescheduled for Wednesday night, August 16, at 8 o'clock at Memorial Field, Littlestown.

NEW YORK (AP)—The stock market showed renewed strength early this afternoon with prices advancing over a fairly wide front.

The Associated Press 60-stock average at noon was up 0.90 at 251.20 with industrials up 1.80, rails up 0.10 and utilities up 0.30.

Blue chip issues again were in the forefront, with most on the plus side. Gains were largely fractional. A number of small losers kept the list in check.

WASHINGTON (AP)—Secretary of State Dean Rusk plans to urge Allied foreign ministers in Paris next weekend to work out detailed agreements on precise steps the Western powers would take to meet any specific threat the Soviet Union and East Germany may pose to the security of West Berlin.

Both McCauley and Richards were enroute to Lackland Air Force Base, San Antonio, to join the Air Force.

## New Job Tax

(Continued From Page 1)

As Webster says an occupation is "that which occupies or engages, the time and attention; the principal business of one's life; his calling; that to which one's time is habitually engaged." What a perfect choice of designation!

President Kennedy is missing a bet by not hustling Arthur Goldberg and C. Douglas Dillon into the Gettysburg area. Their worries about excessive prices and wages, spiraling inflation and kindred problems are sharply out of focus. For our law proves that costs haven't skyrocketed at all what with masons, bricklayers, plasterers, electricians, machinists, painters, plumbers, carpenters and sundry other similar occupations listed in the modest \$400 category. Obviously ours is a cheap labor area.

### COULD HAVE TROUBLE

But while the commissioners were word conscious in designating the tax title, they could have some troubles with "clergymen" at \$450 and "priests" at \$200. Housewives might resent being paired with retired men. And the FEPC beagles might descend on employers of \$200 "retail clerks, female" and \$250 "retail clerks, male." Farmers might really kick up a storm. Imagine getting a \$200 farm classification when the neighbor on the right has a \$250 status; a farm superintendent, a \$650 category, and the junk dealer—how he has come up in the world—a \$550 ranking. And while the state medical board may have some reservations about osteopaths, and oculists and optometrists snip at one another, the commissioners, Solomon-like, have settled the whole problem by lumping the group in the prestige top ten bracket, while the factory executive is worth more than the factory owner, a class lower in ranking.

There are a lot of interesting classifications in the official Adams County "Blue Book."

### "WE NEED SCHOOLS!"

But pity the poor commissioners! Anyone who gives a hang about his social prestige is going to beat a path to their door demanding better ranking. Why, where else can you get an official stamp of business success in the very upper bracket of your peers

## Film TV Program At Biglerville

The school district of Central Pennsylvania will feature the Thomas Brothers Store, Biglerville in a TV film to be shown over Channel 27, WTTA, Harrisburg, November 15 from 10:30 to 11 a.m. The program will be shown to more than 5,000 Fourth Graders as part of the educational TV program.

Walter A. Stenger, Mechanicsburg, directed the show. Participating were Miss Sharon Alwine and Miss Juanita Carey, Biglerville students, as well as members of the Thomas Brothers staff.

WASHINGTON (AP)—President Kennedy and Secretary of State Dean Rusk are said to consider the 4-day war in Tunisia as something which could have been avoided easily with a little more understanding and flexibility on both sides.

Both Kennedy and Rusk are said to be extremely annoyed by the sudden flareup over the French naval and air base at Bizerte.

OROVILLE, Calif. (AP)—Bruce Britt, who pleaded guilty to three counts of attempted murder after trying to hijack a passenger plane, will be sentenced Aug. 11. Britt, 40, a construction worker, pleaded guilty Wednesday shortly after he was indicted by a grand jury. He entered his plea before Superior Court Judge J. Frank Good.

NICOSIA, Cyprus (AP)—U.S. Undersecretary of State Chester Bowles left Nicosia by air for New Delhi today after attending a three-day regional conference of American diplomats.

for a paltry \$16 a year. That's buying success cheap.

Wonder if the commissioners thought of that when they dropped themselves into the \$400 bracket. Mightn't an unscrupulous opponent campaign on the "caste issue." After all why elect a \$400 commissioner when you can get an \$800 candidate with the same effort. Maybe they ought to appeal for better standing before September 1.

Anyhow it's all in a good cause. We need the schools.

## JUNIOR FIRE GROUP FETED AT BANQUET

Seventeen members of the Gettysburg Junior Fire Department and two adults were feted for their services Wednesday evening at 7:30 o'clock at a dinner sponsored by the Battle Anniversary committee and the fire department.

Raymond Menges, one of the advisors, and Glenn Raffensperger, president of the fire company, thanked junior firemen for their aid in operating the "quick-call" system saying that "without your help, it would not have been as successful."

Volunteer junior firemen who have successfully passed both the FCC test and the special test given by the radio committee of the local fire company will be eligible to operate the quick call system when regular operators are absent due to illness or emergencies.

The junior fire department will shortly carry on a drive for additional members. Youths between the ages of 15-21 are eligible for membership and can receive applications at the fire house. At present there are about 18 active members.

This evening the junior fire department will take part in the Thurmont firemen's parade. The truck is to leave the fire house between 5:45 and 6 p.m.

**"Blackout" Of Gas Stations**  
Results In More Business: Gettysburg service stations joined 100 per cent in the nation-wide "blackout" from 7 o'clock Sunday evening until 7 o'clock this morning but all of the local proprietors questioned this morning reported they sold more gasoline on Sunday than on the preceding Sunday when the gasoline conservation plan was not in operation.

While many local stations remained open for road service and other incidental business, they did not sell gasoline in spite of the fact that motorists stopped at a number of stations and sought fuel after the 7 o'clock deadline. There were reports this morning that one or possibly two stations east of here on Lincoln Highway sold gasoline after 7 o'clock. Other towns in Adams county and this section are reported to have cooperated in the plan designed to reduce the consumption of gasoline.

**Mrs. W. E. Roth Expires After Long Illness:** Mrs. Ethel E. Roth, wife of Wilmer E. Roth, 435 Carlisle street, died at her home this morning at 2:50 o'clock after an illness of three months. Mrs. Roth, who was 47 years old, was a daughter of the late Emanuel C. and Minnie (Bream) Fidler. She had resided in Gettysburg for the last 14 years.**Council Sidesteps Parking Ordinance After Warm Debate:** After a half-hour discussion in which several members of council picked flaws in a new Gettysburg borough parking ordinance proposed to replace one adopted in June, councilmen postponed until September final decision on THE QUESTION OF WHAT CHANGES, if any, shall be made in the ordinance with regard to parking time limits on the four main streets and Center Square.

The Argument, which disclosed a lack of harmony on the safety committee and brought on a sharp clash between Burgess C. A. Heiges and Councilman Frank B. Slonaker, ended with a warning from President Ray M. Hoffman that unless councilmen "get together" by next month on changes in the present parking rules, the whole matter will be dropped and the present ordinance ordered enforced.

**Legion Exceeds Quota With Its 250th Member:** The Albert J. Lentz Post No. 202 of the American Legion went over its membership quota of 249 Monday evening with the election of Burgess Guy W. Klingel of New Oxford as its 250th member for the current fiscal year. Commander Roy A. Alexander presided at the meeting with about 35 attending the session held in the remodeled post room on Baltimore street. It was announced that the post's delegates to the state Legion convention at Altoona next week, Commander Alexander, Past Commander Horace E. Smiley and Service Officer Frank J. Slonaker, will leave Gettysburg on Wednesday, August 13, for the convention city.**Recreation Board Is Created By Council For Playground Work:** Gettysburg's borough Council at its August meeting, Monday evening, adopted an ordinance setting up a Recreation Board for Gettysburg "to supervise, equip, operate and maintain playgrounds" and to be subject to responsibilities provided for in the state borough code.

The board will have five members, all of them to be appointed by the burgess. The only specification about the personnel of the board given in the ordinance is that it shall include two school directors among the group of five.

**Schools Soon Will Receive State Checks:** Fourth class school districts in Adams county, which last week were notified that the state auditor general had approved payments of delinquent state ap-

## Today's Talk

SUCH AS YOU HAVE

No one will ever hold your accountable for abilities which you do not possess.

But at some time or other you will have to bear the pain, the humiliation or the disappointment which follows the neglect to use what you have!

Many a man has received the plaudits of the crowd, while all the time he has been remarking to himself that he didn't know he had it in him.

It is time that we never know how valuable we are in this world until we begin to demonstrate what worth we have to ourselves. Do with what you have.

Every day we come across people who are actually in want because they are falsely too proud to do humble work until more important tasks arrive. So they lean for support upon the strong and thereby decrease their own strength. You probably have far more than you think.

That machine of yours is a marvelous mechanism. It's concealing a great many surprises from you if you would but know. Such as you have may be very great indeed.

This is a skeptical world. Demonstrate and you will be noticed. Be noticed and you will be spurred on to greater effort.

With such as you have stand up. Be counted. Depend upon no one but yourself.

It means self-respect, honor, happiness and a genuine success.

Tomorrow Mr. Adams will talk on the subject: "On Swallowing". Protected, 1961, by The George Matthews Adams Service

## Just Folks

FRIENDSHIP

It may be that some careless word that I've let fall has pained a friend,

Or that some trifling thing occurred

To hurt, where I did not intend

To wound. It may be that I have done

Unthinkingly great harm to you;

If that is so, ere sets the sun,

For your forgiveness let me sue.

I would not wish to go to rest,

Or slumber on my couch at night,

Had I caused you a troubled breast;

Give me the chance to set it right.

Go not your way believing me

Your enemy, but seek me out,

Let me explain, whatever it be,

And free your soul from every doubt.

For human hearts are sensitive,

And rough is human speech,

I ween;

Friends very often chance to give

An unkind stab they didn't mean.

Go not your way, my friend,

I pray,

In anger, striving me to shun;

But ere the night has ended day

Come, let me know what I have done.

## GIRL AWAITS DECISION IN ASHLEY DEATH

BUFFALO, N. Y. (AP)—Schoolgirl Chryel Jolls, 15, was back in the mental wing of a city hospital today after her indictment on first-degree murder and kidnapping charges in the park lake drowning of little Andy Ashley.

Erie County Judge Jacob Latona is considering transferring the case to Children's court.

The body of the blond, 3-year-old Ashley youngster was pulled from Delaware Park Lake June 25, his hands and feet bound with stockings. The disappearance of the boy two days earlier had followed two other child kidnappings in the same area.

## MENTAL HISTORY

Chryel, a nervous, dark-haired teen-ager with a history of mental illness, was picked up by police July 3 and sent to Meyer Memorial Hospital for mental examination.

Police Commissioner Frank Felicetta said Chryel admitted at the hospital that she tied up the Ashley boy and left him at the edge of the lake the day he drowned. She also admitted kidnapping five-year-old Richard Edgington, who was left bound and gagged but otherwise unharmed at a railroad embankment the day before the Ashley murder, Felicetta said.

Chryel was outwardly calm as mandatory pleas of innocent were entered Wednesday to the charges she kidnapped and murdered the Ashley boy and kidnapped the Edgington youngster.

Attorneys for the girl immediately requested that the case be moved to Children's Court.

## Yanks Increase Lead With Double Win As Cleveland, Detroit, Orioles Divide

By JOE REICHLER  
Associated Press Sports Writer

In New York, the Yankees increased their American League lead over Detroit to two and a half games with a 6-5 and 12-5 doubleheader sweep over Kansas City as Mickey Mantle walloped his 40th home run.

In Boston, rookie second baseman Chuck Schilling helped the Red Sox down Los Angeles twice 7-2 and 8-7 with a rally-starting single and a game winning home run.

In Cleveland, Chicago outfielder, Jim Landis smacked two homers, the second one setting up an 8-4 White Sox triumph after the Indians had won the opener 3-2.

### HOMERS WIN TILTS

In Detroit, Washington rookie first baseman Bud Zipfel belted his first major league home run to give the Senators an 11-inning 6-2 victory after the Tigers had won the first game, 4-3 on pinch hitter Charlie Maxwell's three-run homer.

A little single hit by Dave Philley in Baltimore, a 41-year-old pinch-hitter batting for Marv Breeding, drove in Jim Busby with the run that gave the Orioles a 4-3 second game triumph after Minnesota had won the first game of the two-night twin bill, 4-2.

The Yankees perfect day was marred by Whitey Ford's failure to record 20 victories. The little left-hander went into the ninth inning of the opener leading 5-3, but pinch hitter Haywood Sullivan hit a two-run homer to tie the score. Luis Arroyo, brilliant relief pitcher, had to rescue Ford before the inning was over.

### FIVE UNEARNED RUNS

The Yankees won in their half of the ninth with the bases full and one out, catcher Joe Pignatano dropped third baseman Wayne Causey's throw of a grounder hit by Bob Cerv. It was the fourth Kansas City error and the Yankees' fifth unearned run.

The Yankees combed four Kansas City pitchers for 17 hits in the finale as Ralph Terry coasted to his seventh victory. Mantle got his homer in the first inning to put him in a tie with Roger Maris at 40 apiece, leaving them 17 games ahead of the pace set by Babe Ruth when the Babe hit his record 60 homers in 1927.

The Tigers were trailing 3-1 when Zipfel, Washington's 22-year-old first baseman recently brought up from Houston, let a

throw drop that would have ended the inning. Chico Fernandez followed with a single and Maxwell followed with his three-run homer. Zipfel atoned for his lapse in the 11th inning of the second game when he smacked a home run off Phil Regan to break a 2-2 tie. Washington followed with three more runs to seal the verdict.

### TWINS RALLY

Held hitless until the eighth by Baltimore's Chuck Estrada, the Twins erupted for four runs in the ninth of the opener.

Schilling's eighth-inning single drove in the first of five Red Sox runs that secured Ike Delock's sixth victory in the opener.

Jim Grant pitched a six-hitter and outfielder Willie Kirkland hit his 21st home run in Cleveland's opening victory over the White Sox. Landis drove in three runs with a single and his second home run of the night to lead the White Sox to their split.

### Fairfield Pony League

The Fairfield - Munnasburg game scheduled for Wednesday evening was postponed again due to wet grounds. No date has been set for the game, final of the regular season.

Plans are underway to have an all-star team of the league oppose an all-star team of the Upper Adams League. No date has been announced for the contest.

### Champion Leads Pistol Shooters

CAMP PERRY, Ohio (AP) — Defending champion Army Sgt. William D. Blankenship of Richmond, Va., took the lead in the 1961 National Pistol Championships here Wednesday with a score of 1,766 out of a possible 1,800.

His Army teammate, M. Sgt. James W. Kurtz of Eldred, Ill., also had 1,766 points but had to settle for second place because he had fewer X-rings. The X-ring is a small circle within the bullseye used to break ties.

Going into the third and last day in the pistol class, Army shooters continued to dominate the field of 2,691 of the country's top military and civilian shooters with the first five places.

## PIRATES MUST TRADE FOR '62 TO BOOST CLUB

Sports Editor

PITTSBURGH (AP) — Pittsburgh's once-proud world champion Pirates floundered to a three-win and 13-loss record between All-Star games this year.

This shabby showing convinced a worried and frustrated manager Danny Murtaugh that the Pittsburgh club must swing a few trades before the 1962 season rolls around if it expects to stay up there as a National League power.

### WON'T NAME PLAYERS

Just what players would be involved or what trades he and general manager Joe L. Brown had in mind, Murtaugh wouldn't say. "We'll come to that later," Danny said. "Right now, we've got to concentrate on getting this team back on the winning track."

The jut-jawed Irishman admitted he was badly disappointed with his team's showing this season—that he never expected the almost complete collapse which plunged the Bucs into the second division.

### PITCHING IS FACTOR

"My pitching is the big reason," he volunteered without questioning. "Good pitching would have won us a lot of games we gave away. The loss of Vernon Law was the big blow. It threw both my rotation and spot pitching plans all out of whack. The fact that a couple of others aren't pitching up to potential didn't help either."

"We have a few players who are having bad years in the field and at bat," Danny said. "But we had some who didn't play up to their potential in 1960 and we won the pennant and world series, didn't we?"

Despite all his woes and travail, Murtaugh thinks he has the best team in baseball—potentially, that is.

### HASN'T GIVEN UP

"Show me a better club if my players are up to par," he demanded. "That's why I haven't given up on them this season. I don't know whether we can reach the top, but I'll tell you one thing—we're going to win a lot of games we have left."

If he had such confidence in his present squad, why talk trade? "Because we don't know if some of the players will come up to potential next year," was his answer.

"Trades are a must for us if they can be made. Both Joe (Brown) and I thought the same thing last winter. We know that not even a champion can afford to stay flat. But do you think anybody would trade with us? Not on your life."

### Name All-Stars For East Berlin

The roster for the East Berlin All-Star team which is preparing for its first start in the Adams County Little League Tournament against Gettysburg tonight at East Berlin has been announced.

The squad is composed of Earl Reese, Billy Myers, Billy Megonell, Joe Lemmon, Steve Eisenhart, Jim Hoff, Bill Hayes, Ernest Sloan, Jack Cashman, Jerry Stoner, Brad Runk, Hank Hess, Larry Peterman, Mike Peterman and Joe Cookerly.

Bob Warner and Jim Eisenhart will handle the managerial reins for the East Berlin lads.

### Says Baseballs Are Same As Ruth Hit

BALTIMORE (AP) — A representative of the company that manufactures baseballs for both major leagues says the balls being used today are the same as the ones Babe Ruth hit for 60 homers in 1927.

"There hasn't been any change in the manufacture of the big league baseballs since 1926," says Duke Zilber, national manager of professional baseball sales and major sports promotion for A. G. Spalding & Brothers, makers of the balls.

"The ball is not wound tighter," Zilber insists. "It's the same winding, the same yarn, the same cotton, same hides and the same handstitching that they've used for the last 35 years."

### OPEN TOURNAMENT

HUNTINGDON, Pa. (AP)—The State VFW Teener League baseball tournament gets under way in Huntingdon today with eight teams vying for this year's crown. The first-round schedule sends Mechanicsburg against York, Lehigh Valley against Fayette County, Phillipsburg against Chester and Bedford against host-team Huntingdon.

DuBois, last year's winner, is not in the tournament this year. Semifinal games are slated for Friday and the championship will be decided Saturday at 2:30 p.m. 6-1.

### Shenandoah Shows Wagering Increase

CHARLES TOWN, W. Va. — Shenandoah Downs was looking forward today to what may be its biggest weekend and rolling along with a \$294,300 betting average after six nights. A bumper crowd of 6,213 ignored early rains Wednesday night to wager \$295,318 for the second best Wednesday since the track opened. The average put Shenandoah up 14 per cent over the corresponding six nights of the 1960 summer meeting.

Shenandoah will salute its own pool wagering tonight with the bonanza purse, a six-furlong test headed by Rom M. Bosley's R. M. Bee. The six-year-old gelded son of Bull Head was an easy winner in his first outing of the meeting and probably will rule as the favorite in the claiming event.

### South Penn Baseball League

A correction in the standing of the South Penn Baseball League will be made as the result of a previously unreported game which was played last Thursday, Harney defeating Taneytown 4-3 on the latter's field.

Francis Selby, Harney team representative, said the game was a makeup of a postponed game from July 21. It had not been reported to area newspapers, neither the rescheduling or the result.

Harney's correct record is now 8-10 while that of Taneytown is 6-11.

## Big Little League Playoffs To Open Tonight

Post-season playoffs in the Big Little League were set back a day when wet grounds forced postponement of the opening game scheduled for Wednesday evening.

Tonight the Eagles will meet the Elks and on Friday the American Legion tangles with the Phillips 66. The championship game between the winners will be staged Saturday evening. All games will be at 6 p.m.

President Glenn L. Bream announced that regardless of additional postponements in the playoffs, the All-Star — Oldtimers game will be staged Monday evening at 6.

## ALL-STARS TO DEPEND UPON THREE PASSERS

By CHARLES CHAMBERLAIN  
Associated Press Sports Writer

CHICAGO (AP) — The College All Stars, three weeks of hard-nosed training behind them, will try to bedazzle the Philadelphia Eagles with wide open football Friday night at Soldier Field in the 28th annual midsummer game.

Three passers—Norm Sneed of Wake Forest, Bill Kilmer of UCLA and Tom Matthe of Ohio State—are expected to operate mainly out of double-wing spreads and the short-punt formations.

The game will attract about 65,000 customers to the big lake front stadium and will be televised nationally by ABC starting at 9 p.m. Eastern Standard Time.

The collegians, coached for the fourth straight year by Otto Graham, have slid from original 13-point underdogs to 9½. This is the fewest points allotted opposing National Football League champions as favorites in the history of the series, which is sponsored by the Chicago Tribune Charities Inc.

### WIN 8 OF 27 GAMES

The All Stars, never installed as a choice by oddsmakers, have won eight of the 27 games played and battled the pros to two ties. Their last victory was a 35-19 romp over the Detroit Lions in 1958.

The Eagles are to arrive in Chicago today from their Hershey, Pa., camp and take workouts at night in Soldier Field. Their new head coach, Nick Skorich, who succeeded retired Buck Shaw, still has not decided between quarterback Sonny Jurgensen or King Hill as the starter.

## REDS WALLOP PHILS TWICE; DODGERS BOW

By JOE REICHLER

Associated Press Sports Writer

The Cincinnati Reds are in position today to become the first team in baseball history to sweep a full season schedule from a rival club.

The Reds not only made it 14 in a row from Philadelphia by winning both ends of a two-night doubleheader Wednesday 4-2 and 3-2, but surged back into first place in the National League by one game over Los Angeles.

The Dodgers, who had led by a half game, were shut out 6-0 by the one-hit pitching of San Francisco right-hander Juan Marichal.

St. Louis downed Pittsburgh 4-2. Milwaukee defeated Chicago by the same 4-2 score in the first game of their doubleheader. The second game was halted after 11 innings by darkness with the score tied at 7-7.

### O'TOOLE, JAY WIN

Jim O'Toole (11-8) and Joey Jay (15-6) were the Reds' winning pitchers against the Phillies. Gordy Coleman's two-run homer, his 20th, broke up the first game. Frank Robinson's two-run single was the key hit in the second.

Tommy Davis' fifth inning single ruined Marichal's bid for a no-hitter. It was the second shut-out in a row for the young Giant right-hander who walked two and struck out 11. Felipe Alou drove in four runs with a pair of homers. Johnny Podres lost it.

Joe Cunningham's three-run homer in the seventh inning gave the Cards' Larry Jackson his seventh victory. Bobby Shantz, in relief, took the loss.

Frank Thomas' two-run single in the eighth overcame a 2-1 Chicago lead in the first game. Hank Aaron's grand slammer gave the Braves a 7-4 lead in the nightcap, but the Cubs tied the score on Billy Williams' third homer of the day and George Altman's two-run single. The suspended game will be made up on Sunday, Sept. 3.

## East Germany Uncertain; Soviet Force In Crisis

By JOHN BAUSMAN

BERLIN (AP) — The country known abroad as East Germany has a variety of names. But no German calls it East Germany. East Germany's Communists call their country the German Democratic Republic — or GDR. Or Democratic Germany. They regard it as an independent German state, worthy of recognition as such.

West Germans still refer to it as the Soviet zone of occupation. Or they call it just "the zone." They regard its government as a Soviet puppet regime forced upon the people and not worthy of recognition. In fact they feel it is so unworthy of recognition that the West German government breaks off relations with any country except the Soviet Union that extends official recognition to East Germany.

### MIDDLE GERMANY

There is another West German term for East Germany — "Middle Germany." This is based on the theory that beyond "Middle Germany" lies an East Germany made up of those eastern parts of prewar Germany now assigned to Poland and the Soviet Union. Whatever you call it, East Germany is the smaller segment of divided Germany. With an area of 41,700 square miles, it is less than a third the size of West Germany's 143,200 square miles. Its 17 million population compares with 52 million for West Germany. The country's boundaries—from the Baltic Sea on the north to Czechoslovakia on the south, from the Oder-Neisse border with Poland on the east to the Iron Curtain border with West Germany—were drawn at the allied conference at Potsdam in 1945, right after World War II. At that time East Germany was set up as the Soviet zone of occupation.

### STRONG HAND

The Soviet occupiers ruled with a strong hand. They dismantled factories and tore up railroad tracks as reparations to be shipped off to the Soviet Union.

Early local elections in the Soviet zone showed the majority of voters opposed to the Communist-run Socialist Unity party. But with Soviet backing, the party gained control of the zone's political life and became its governing party when the German Democratic Republic was proclaimed on Oct. 7, 1949.

This was the Soviet answer to the establishment of the Federal Republic of (West) Germany by France, the United States and Great Britain a month earlier.

### BREAK RECOGNIZED

By that time the break between the Soviet Union and its war allies was fully recognized. Efforts to cooperate in Berlin had long since collapsed and the city had separate governments for the East and West sectors. There had also been the allied airlift, lasting nearly a year, to break the Soviet blockade of Berlin and foil that first attempt to force the allies out of the city.

East Germany, impoverished by stern reparations demands, was now called on to build itself up as a flourishing Soviet satellite. A heavy industrialization program left little production for consumers. Farms were collectivized and private firms and tradesmen were squeezed. For four years the East Germans submitted to their fate except for nearly 200,000 who escaped to the West each year.

Then on June 16, 1961, building workers in East Berlin demonstrated against heavy work requirements and poor food supplies.

### POPULAR UPRISINGS

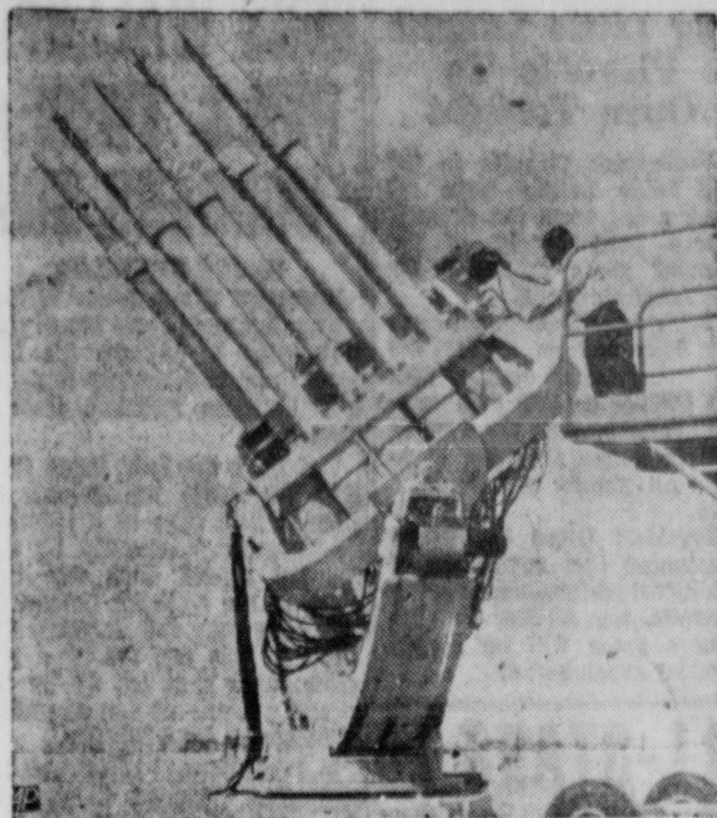

The next day, June 17, popular uprisings broke out in East Berlin and other major cities. The people demanded free elections, food and an end to tyranny. The Soviets proclaimed martial law and brought in tanks and troops to stop the rioting. Leaders of the uprising were arrested and executed.

The June 17 revolt was short-lived and brutally suppressed. It got no support from the West. No other has broken out so far.

But the continued stream of refugees, totaling more than 2.5 million since 1949, has been a constant reminder of the regime's unpopularity.

Can a regime, clearly unpopular with a large part of its population, count on these forces in a showdown with the West?

Western experts find this hard to assess. Certainly there would be some substantial defections, especially if the people were to

## Family Food Facts

It's a buyer's market at the produce stands these days. Their large assortment of vegetables are at the peak of quality and abundance. The question, if any, is which of the varied array to buy — price is virtually no object, reports Tom Piper, Penn State Extension Marketing Agent, for most all are reasonable now.

Fresh sweet corn and eastern grown round type potatoes are outstanding best buys this week. Other good buys are cabbage, celery, tomatoes, squash, peppers, and Romaine lettuce. Cucumbers, iceberg lettuce, green beans and eggplant are priced much lower now than in many months.

it is picked. Select only the number of ears to be used on the day of purchase. Hurry fresh corn from the market to the refrigerator or range — the sooner it is used, the juicier and sweeter it will be.

Stepped up harvesting operations in local orchards is increasing the volume of fresh fruit at local markets. Good buys this week include blueberries, Lodi and Transparent apples, nectarines, plums and lemons. Peach supplies are mostly limited to the semiclingstone Jerseyland and Red Haven varieties; Golden Jubilee will start to market this weekend.

Increasing supplies of cantaloupes and watermelons from nearby areas means lower prices on these popular summer melons. Honeydew, Persian, Casaba and Crenshaw melons are available at reasonable prices.

Broiler-fryers are stealing the value spotlight at most retail meat counters. This item will feature headlines with the plentiful turkey, fresh pork shoulder, smoked picnics and fore-quarter beef in

The number of wounded was not given nor was there any estimate of African casualties.

**TOKYO (AP)** — Sohyo, Japan's leftist dominated, 3.8-million-member general council of trade unions, opened a five-day convention today and adopted a resolution calling for diplomatic relations between Communist China and Japan.

The 650 delegates from 59 unions attending also approved resolutions calling for wage increases, a minimum wage system and shorter working hours.

**HONG KONG (AP)** — An outbreak of cholera in Toishan, Kwangtung province, hometown of many overseas Chinese in the United States and southeast Asia, was reported today by the newspaper Wah Kiu Man Po.

Quoting an arrival from Red China, the paper said the Communists have cordoned the area to prevent the epidemic spreading.

The report said that due to a shortage of medicines, "numerous persons" have died.

## CONGO CHIEF VOWS TO CURB SECESSION

LEOPOLDVILLE, the Congo (AP)—Backed by a near-unanimous parliamentary vote of confidence in his new coalition government, Congo Premier Cyrille Adoula today vowed to suppress the secession of rich Katanga Province "in the days immediately to come."

In a firm inaugural address to the two houses of Parliament that approved his government Wednesday Adoula denounced Katanga President Moise Tshombe and Belgian commercial interests in the province for committing "a great wrong against the Congo."

"Neither Tshombe nor certain of his ministers nor the Union Miniere (the Belgian mining company in the province) nor the Belgians behind the Katanga secession can prevent the Congolese people from recovering their rightful heritage," Adoula declared.

### LIFTS BACK ADOULA

Delegates representing Antoine Gizenga's leftist Stanleyville regime joined in supporting Adoula, 39, who was the personal choice of President Joseph Kasavubu to head a unity government.

Gizenga, who stayed in Stanleyville and said illness prevented him from attending the Parliament session, was named one of three deputy premiers. Christophe Gbenye, a key member of Gizenga's regime, was appointed interior minister with control of the nation's loosely organized police.

Gbenye attended the parliamentary session and presumably agreed to the new lineup. But it was not clear whether Gizenga would accept the secondary role allotted him.

Adoula told newsmen only that it would be "normal" for the leftist leader to come to Leopold-

ville now. He declined to elaborate.

### CLAIMS PREMIERSHIP

Gizenga claimed the premiership for himself after the slaying of Patrice Lumumba, whose deputy premier he had been, and won recognition from the Communist bloc and several African nations. But since his parliamentary deputies had voted for the Adoula cabinet, it seemed unlikely Gizenga could hold out.

All outsiders were barred from the Parliament sessions. But reliable sources said the Senate voted unanimously to confirm Adoula's government and there were only two abstentions in the Chamber of Deputies.

### 40 MINISTERS

The government reportedly contains 40 ministers, sufficient to take care of the wide variety of political and tribal factions in the vast country. But ambitious President Moise Tshombe of mineral-rich Katanga Province, who opposes a strong central government and kept his followers away from the Parliament session, was ignored in the allocation of ministries. Instead, a deputy premiership went to one of Tshombe's bitterest foes in Katanga, Jason Sendwe of the Balubakat party, who has tried unsuccessfully to set up his own state in North Katanga.

This left Tshombe isolated. His opposition to Kasavubu and Congo unity has alienated the Western nations and the U.N. Congo command. And the Communist bloc, who always have called him a "lackey of Western imperialism," earlier this week indignantly rejected his frantic overtures for support.

EBENSBURG, Pa. (AP)—Cambria County officials will investigate the financial transactions of the county home during the time County Commissioner Frank J. Burns was superintendent.

The commissioners, excluding Burns, Wednesday approved the audit of the home's books from Jan. 1, 1956, to Dec. 31, 1959.

## AGED CARDINAL PASSES AWAY

VATICAN CITY (AP)—Nicola Cardinal Canali, for 22 years the mayor of Vatican City, died today of bronchial pneumonia and circulatory complications.

He was 87. Cardinal Canali's death came four days after the sudden death of another Italian cardinal, Domenico Tardini, the Roman Catholic Church's secretary of state. The two deaths reduced the membership of the College of Cardinals to 82.

Cardinal Canali had long suffered from a circulatory condition. He was stricken with pneumonia late last week and doctors gave up hope for his survival Saturday. His life ebbed away slowly as he lay in a coma under an oxygen tent.

Cardinal Canali, a jovial, round-faced prelate, had been president of the pontifical commission for the state of Vatican City since shortly after Pope Pius XII created the commission in 1939. The post was similar to that of a municipal mayor.

### Blames Aid Policy For Bad Highways

ALTOONA, Pa. (AP)—State and local highways are in a "deplorable condition" because of the Federal Government's highway aid policy, the president of the Pennsylvania Home Rule Association says.

Thomas S. Stephenson made the statement in a letter Wednesday to Luther Hodges, U. S. secretary of commerce. He said federal roads carry 14 per cent less traffic than other roads, but state and local officials neglect many of their roads to get federal aid for interstate highways.

TITUSVILLE, Pa. (AP)—Police said Carol June Shaffer, 5, ran into the path of a truck near her Titusville R. 2 home on Route 27 Wednesday and was killed.

## ADAMS COUNTY PUBLIC LIBRARY

MRS. W. R. SCHUBART

Far more rewarding than to plan a vacation route by road maps and motel accommodations is to chart your way by what there is to see. By using some special books from the Adams County Library you can make your vacation something richer than a pell mell rushing down the highway.

One vacationer says her family experienced a most rewarding tour of Maine by following suggestions from Louise Dickinson Rich's book, "The Coast of Maine." For instance, they found cranberry bogs, interesting shops on Portland's waterfront and where to get lobster rolls right on the wharf.

### HISTORICAL SITES

Two other books can show you how to get the most out of visiting American historical sites. "Great Historic Places" is one of those American Heritage books, profusely illustrated and so well organized that research becomes easy. The book is divided historically and regionally starting with the East Coast and moving South, then West, under such division headings as, "New England," "The Atlantic Gateway," "The Old South." A running narrative accompanies the pictures and describes the area. At the end of each division is a good map, followed by an itemized list, state by state, of each important historical place.

"The Living Past of America" by Cornelius Vanderbilt Jr. limits its scope to illustrated description of American houses and villages which have been preserved and restored. This book, too, is split by regions and then further divided by states.

Another helpful volume, amazing in the scope it covers, is "Museums Directory of the United States and Canada." Purely a reference work, it presents long lists of all the museums in each state of the United States and each province of Canada. Addresses are furnished, hours for admission, prices and a description of what the museum contains. Or you can look up the place by starting with a category—like clock museums, photography museums, sports museums and the like. The amazing part comes when you discover that "museum" is used comprehensively to cover zoos, planetariums, herbariums, animal farms, aviaries, children's nature centers and at least 50 other categories, some even more specialized, like exhibitions of locks, marble and furs.

If you should want to examine original works by Botticelli, El Greco or Rubens, there is available a little book called "Old Masters in America" by John D. Morse which tells you where to find in the United States and Canada more than 22,000 original paintings.

## CODE GUIDES GENE FULLMER

OGDEN, Utah (AP)—Fans will get an earful of instructions Saturday night in the Gene Fullmer-Florentino Fernandez midweight title fight.

Marv Jensen, manager of Fullmer, shouts a number code at the National Boxing Association camp throughout the fight. The numbers signify various attack and defense patterns.

Eugenio Ruiz, manager of the 25-year-old challenger, Florentino Fernandez, shouts his instructions in Spanish since neither Ruiz nor Fernandez speak English. Both are Cubans.

The combination could create more noise in the ring than from the fans outside.

Both battlers have wound up their heavy training and the two managers have started the final honing they hope will lead to victory in the 15-round bout. It will be televised (ABC) starting at 9 p.m. (EST).

### Prefers Jail To Temptation

MIAMI, Fla. (AP)—George H. Brown spent 55 days in jail on seven bad check charges, but he isn't quite ready to leave.

"Do you think you've learned your lesson?" asked Judge Jack Falk in criminal court Wednesday.

"Yes, sir, judge," Brown replied.

"You'll write no more bad checks?"

"No sir, but judge, would you mind keeping me in jail until Friday?"

"Why?" asked the judge in surprise.

"There're a few things I'd like to take care of before getting out."

"Like what?"

"Well, to tell the truth, judge, I'd like to avoid temptation until Friday."

The judge sent Brown back to a cell.

### 3rd Storm Causes Johnstown Damage

JOHNSTOWN, Pa. (AP)—Another storm and an accompanying flash flood, the third since Monday, hit Johnstown Wednesday, causing widespread damage.

The storm dumped .86 inches of rain on the area, bringing the total rainfall to 4.92 inches since Monday.

Lightning struck an apartment building and touched off a fire that burned several curtains and a couple of chairs. The flood ripped up parts of streets and knocked down retaining walls along creeks.

A huge pine tree toppled into a 15-foot hole that was opened by the Monday floods.

Aerated bread is made by a special process in which carbonic gas is used instead of yeast.

## To Adams County Residents

Published below is a list of the new occupation Assessments for the various categories. The amount at the head of each group indicates the amount on which a tax may be based, NOT THE AMOUNT THE TAX-PAYER WILL PAY. Each taxing authority, school board, borough, township, the county and institution district may establish, if it wishes, a Tax based on the occupational assessment. Such a Tax is stated usually as so many mills, One mill on a \$100 Assessment would mean a tax of ten cents a year.

## NEED TRAINED ARTISTS FOR TV CARTOONS

By CYNTHIA LOWRY  
AP TV-Radio Writer

HOLLYWOOD (AP) — Actors, producers, directors — Hollywood has them in abundance. What this film capital really lacks is enough trained artists to fill the increasing demand for TV cartoon series.

Cartoon series aimed toward the adult TV audience compose one of next season's important trends. Last year there was one trail-blazer, "The Flintstones" on ABC, which built up such imposing ratings that this year it will be joined in prime evening time by four more: "The Bullwinkle Show" (NBC, Sundays, 7-7:30 p.m. EDT); "Calvin and the Colonel" (ABC, Tuesdays, 8:30-9); "Top Cat" (ABC, Wednesdays, 8:30-9); and "The Alvin Show" (CBS, Wednesdays, 7:30-8).

"Animation is a very small business," explained Jay Ward, "Bullwinkle's" creator and producer. "I don't suppose there are more than 1,000 persons in the entire business. It takes about five years to learn to be a good animator—they are the ones who make the cartoon characters move—and I don't think we have more than 200 of them."

Some animators—always highly paid—now are working 60 to 80 hours a week. Some are putting in full-time at their regular jobs and free-lancing for other studios nights and weekends.

Women who once painted in backgrounds but retired upon marriage have been persuaded to resume this work at home.

Ward, who has been in the cartoon business for a dozen or so years, has managed to reduce his corporate problem by having all his animation work done by his staff of artists in Mexico City.

"We first moved there because the costs were about 15 per cent lower," he explained. "Now we stay there because we have a trained staff there, although we do all the creative work here in Hollywood."

## EYES TITLE FOR LISTON

PHILADELPHIA (AP)—George Katz, manager of No. 1 heavyweight contender Sonny Liston, said today he still hopes to line up a fight with Ingemar Johansson of Sweden despite Liston's being held in \$500 bail for grand jury action on a charge of trying to avoid identification by police.

Katz said he hopes to stage the fight in Philadelphia in late October or early November provided the Pennsylvania State Athletic Commission lifts its suspension of Liston and Johansson settles his tax troubles with the United States Government.

After a rearrest hearing Wednesday before Judge Victor H. Blanc, Liston was released in \$500 bail on the charge which stemmed from an incident in Fairmount Park last June when he and a companion stopped a woman motorist.

Katz said that if the Pennsylvania Commission does not lift the suspension in view of Wednesday's action and possible indictment of Liston, promoter Tom Bolan of New York might try to arrange a fight in Canada.

Immediately after Wednesday's hearing, Liston went back to Denver where he is rehabilitating himself under the care of a priest. Katz said Liston "is doing very well" in Denver and has "made an awful lot of friends."

August 13. Lunch will be at 12 noon. Barry Dayhoff, son of Mr. and Mrs. Glenn Dayhoff, E. Baltimore St., returned home Sunday after spending a week with his grandparents, Mr. and Mrs. David Smith, York.

Mr. and Mrs. Archie Little and Mr. and Mrs. Edward Hoffman and daughter, Tena, Hagerstown, were Sunday guests of Mr. and Mrs. Upton Austin, Middle St.

Mr. and Mrs. Clyde Hesson and Miss Mary Fringer were Wednesday night dinner guests of Dr. and Mrs. Maurice Wentz, York.

Mrs. Hugh Heaps and children, Galen and Patsy, Street, Md., were recent overnight guests of Mrs. Heaps' parents, Mr. and Mrs. Charles Clutz, Keysville Rd.

Mrs. Guy Stull and children, Ruth Amelia and Dwight, Thurmont, were also recent guests.

Mr. and Mrs. Neal Powell, Mrs. Virginia Burke and Mrs. John Stambaugh, Littlestown, accompanied Mrs. Mary Hardy Sunday to her home in Bowie, Md. The latter had been visiting Mrs. Stambaugh for the past week. They drove to Plum Point on the Chesapeake Bay and visited Mr. and Mrs. James Dixon and family. Miss Patricia Burke, who spent a two-week vacation with Miss Bonnie Dixon, accompanied them home.

Mrs. Margaret Angell and Miss Alma Shriver, E. Baltimore St., returned home Friday from a two-week visit with Mrs. Beulah Hoptroff, Marietta, Ga.

## \$24,800 LOSS DURING JULY, LITTLESTOWN

LITTLESTOWN — The Littlestown Fire Company answered five fire calls in July which caused \$24,800 damage. Fire Chief Richard Stuller reported at the regular monthly meeting Tuesday evening in the engine house. Forty-three members attended.

President Dennis W. Wallick appointed Glenn E. Ohler, Chief Stuller and himself to meet with borough officials relative to the borough receiving radio equipment now owned by the company, and to ascertain what other equipment may be needed.

Raymond Masenheimer, Robert Spangler, Jack Staub, Terry Lightner and Michael Cookson were nominated for membership. Jack E. Rebert, James W. Dutera and Lake A. Shanbrook were appointed to serve as the investigating committee.

Chase, Md.; Mr. and Mrs. Dilbert Starnes and daughter, Debbie, Mrs. Myrtle Vetter, Baltimore, and Robert Starnes and son, Bobbie, York Springs. A covered dish supper was served and many gifts were received.

The following were appointed delegates to the Adams County Firemen's convention August 12 at Midway: Clair Redding, Paul E. Altoff, James U. Bowers, Glenn E. Ohler, Kenneth W. Olinger, Henry E. Waltman, Edward G. Loeffel, Glenn S. Kauffman, James P. Hahn and Richard Stuller; alternates are Robert C. Koontz, Howard O. Myers, Kenneth Eyer, Joseph H. Redding, David Reaver, Ivan D. Rickrode, Bernard G. Kehl and President Wallick.

**APPROVE, BILLS**  
Bills amounting to \$544.36 were approved for payment and receipts totaled \$227.32. A letter from Bulleit and Bulleit, attorneys at law, informed the company the will of the estate of Effie Steick Ingman left the company \$100 which would be available after final approval of the scheduled distribution Aug. 21.

The relief fund trustees were appointed to study an insurance brochure suggesting changes for increasing the benefits in various categories. If the trustees deem it necessary, they were instructed to secure the additional insurance. Trustees are Henry E. Waltman, James U. Bowers and Ralph L. Staley.

President Wallick asked all members to go to the playground Sunday to set up tents for the annual carnival next week. He also asked all firemen to assist each night of the carnival. Refreshments were served by

## DEATHS

By THE ASSOCIATED PRESS  
SAN FRANCISCO (AP)—Navy Capt. Frank Sutter Link, 70, a member of a famous pioneer family that served during three wars, died Monday. He was a great-grandson of Gen. John A. Sutter, whose fort at Sacramento was the gateway to California's mother lode during the 1850 gold rush. Sutter, who served in World Wars I and II and in the Korean War and retired in 1953, was born in San Francisco.

DETROIT (AP)—Lee A. Montgomery, 80, public relations director for Goodwill Industries Inc., died Tuesday of complications arising from a hip fracture. He was the son of the late Henry A. Montgomery, former editor of the Detroit Times and a brother of Harry T. Montgomery, assistant general manager of The Associated Press. He was born in Detroit.

COLUMBUS, Ohio (AP)—Mother M. Aloysie, O. P., 72, mother general of the Dominican Order, died Monday. She had been ill since suffering a heart attack last November. She was born in Columbus.

Robert Nester, John Krichen and Clarence Rebert, who were also named to the social committee for the Sept. 5 meeting.

## Civil War Centennial Lures Many Visitors To U.S. Parks

The Civil War Centennial already is beginning to demonstrate beyond dispute its effect upon National Park Service battlefield areas and historic sites. Figures newly compiled for the first six months of the year reveal that 5,492,718 visitors have been recorded for the period, compared with 4,769,405 for the identical period last year. With the heavy travel months still ahead, this year's attendance is expected to run well above the 10,535,513 reported for 1960.

Gettysburg figures through July are approximately 1,059,549, a half million above last year's figure.

The thousands of people who attended the recent re-enactment of the battle of First Manassas were given an opportunity to view an island-type exhibit prepared by the United States Army for display throughout the nation.

The exhibit began its national tour on July 7 and was first opened to the public in the Civil War Workshop at Shepherd College, Shepherdstown, W. Va., July 10-15. The exhibit will be conveyed about the nation in vans and will include dioramas. Groups interested in arranging for the exhibits may contact the Army Exhibits Units, Cameron Station, Alexandria, Va.

**5 STATES MISSING**  
Only five states, North Dakota, Idaho, Nevada, Alaska and Hawaii, are without Civil War Centennial Commissions. The first three of these have appointed liaison representatives to cooperate in Centennial planning.

The national advertising campaign sponsored by the Sinclair Oil Company to call attention to the centennial brought an increase of 1,000 per cent in letters

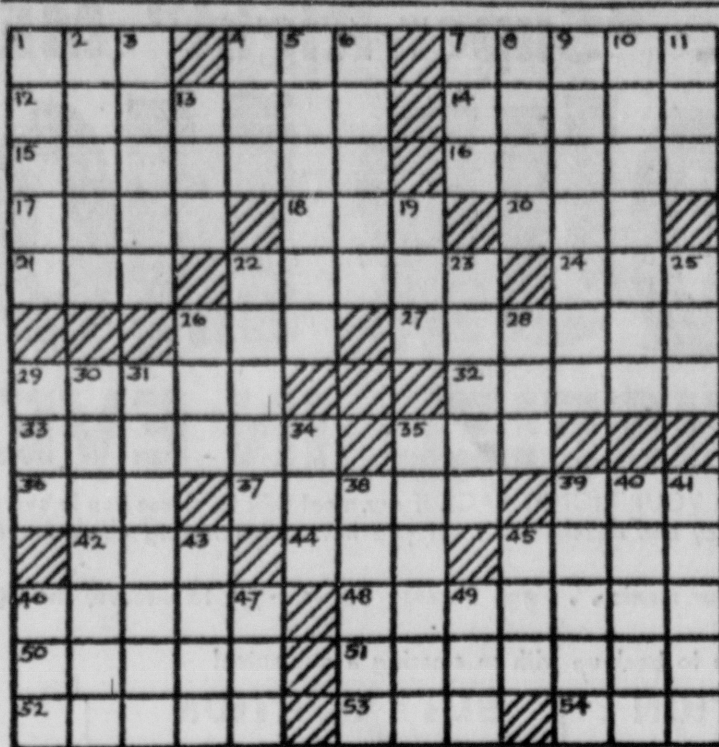

asking for tour information the first month after the initial advertisement began. So much mail was stimulated, Sinclair reports, that outside help had to be employed to answer it. It came from all parts of the world.

Nearby Frederick County's centennial group has available a 20-minute color and sound film showing the extra session of the Maryland Legislature in 1861. The film is available through the Frederick County Civil War Centennial, Inc.

The Richmond Academy of Medicine, Richmond, Va., has a military medicine exhibit directly across from the White House of the Confederacy at 1200 East Clay St. All aspects of medical care are depicted, including a review of the fatal wounding of Gen. Stonewall Jackson and Jeb Stuart and Gen. Lee's heart condition.

**BUTLER, Pa. (AP)**—An empty coal truck left a rural road about 14 miles north of Butler Wednesday and crashed, killing Louis V. Toth, 44, of Hillards R. 1, Butler County.

## Flaw In Election Saves Lone Tavern

ERIE, Pa. (AP)—Residents of Amity Twp. will be able to buy liquor and beer at their only tavern for at least four years because of an irregularity in an election procedure.

In an election last May, the township voters outlawed the sales. As a result, the State Liquor Control Board refused to renew the license of Cliff's Bar, which expired July 31.

The bar's owners, Clifford Taylor and Evert Pringle, appealed the board's ruling to Erie County Common Pleas Court.

Judge Elmer Evans upheld the appeal Tuesday by throwing out the election results because the county election board failed to advertise the election in a newspaper 10 days ahead of time.

The question cannot be placed on the ballot now for four years.

Impatient golfers waiting to tee off at Apollo Beach, Fla., are kept happy by practice putting greens which Architect Robert Trent Jones has placed behind each tee.

## Moscow Revolution Plans Blueprint Endless Fight

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP) — You can expect world turmoil for the rest of your life. Not big war, maybe, but endless conflict, struggle, revolution around the globe.

It's all spelled out calmly in the Russian Communist party's program for the next 20 years, and beyond.

This program, the first laid down in Moscow since 1919, was released Saturday. It fills 64 columns of print in the New York Times.

**HITLER BLUEPRINT**  
When Hitler wrote "Mein Kampf" — his blueprint for the wild savagery of Nazism later — unfortunately no one took it seriously.

It looked like the work of a neurotic, and it was. No doubt many men had a hand in the new Russian Communist party program which has the blessing of Premier Khrushchev. No one is calling this neurotic.

**MOSCOW PLANS**  
It is frankly and confidently Moscow's blueprint for world conquest by communism. This must be taken as seriously as Mein Kampf should have been.

It is divided into two main parts. One is a catalogue of rosy promises of a richer and easier life for the Russian people in the next 20 years.

It was this part of the program which got most attention when it was made public over the weekend.

**AID TRIUMPH**  
The other, predicting the ultimate triumph of communism without a timetable, is the blueprint for the long, fierce, unending struggle ahead.

Reading the full text in this part of the program makes the idea of "peaceful coexistence," which Khrushchev preaches, look like an exercise in the Communist lexicon of double-speak.

It says quite blandly that peaceful coexistence between communism and capitalism is not only possible but desirable. After all, it explains, this just gives communism more time to take over.

**SIGNIFICANT ITEMS**

It says, for instance: "Communists have never held that the road to revolution lies necessarily through wars between countries. The great objective of the working class can be realized without war."

The real chiller is Moscow's idea of what should be happening through that long twilight period of peaceful coexistence — that everywhere Communists should be trying to take over whatever country they're in.

**REVOLUTION THEME**

The means may vary but the central theme is revolution. The revolution may not necessarily be violent, if, for example, Communists could get elected in enough numbers to control a parliament and thus take over government. The program sounds a little

skeptical that Communists are going to conquer many places without violent revolution. It says: "Leninism maintains, and historical experience confirms, that the ruling classes do not yield power of their own free will."

That's the polite way of saying you'll have to fight for it, boys. **BORE FROM WITHIN**

The program emphasizes that one country after another should be knocked off from within—to avoid war—although the exact method will vary from country to country, depending on how much and what kind of opposition there is.

This advice is given: "The success of the struggle which the working class wages for the victory of the revolution will depend on how well the working class and its party master the use of all forms of struggle—peaceful and nonpeaceful, parliamentary and extraparlimentary—and how well they are prepared to replace one form of struggle by another as quickly and unexpectedly as possible."

The Russians are too practical to assume that Communists outside Russia will have enough sense to do things right by themselves.

So the program reassures them: "The Communist party of the Soviet Union will continue to strengthen the unity and cohesion of the ranks of the great army of Communists of all countries."

Boiled down to one sentence this means for unnumbered years around the world, with Russian help, will be trying to knock off one country after another—hoping all eventually will fall under the Red banner.

### CANCEL SPACE PLATFORM TRY

CAPE CANAVERAL, Fla. (AP) —The off-postponed attempt to orbit a satellite "space platform" has encountered more trouble and probably will not be tried again for two weeks.

Scientists had hoped to launch the Atlas-Agena booster rocket Wednesday, the final day of an optimum eight-day period which was determined best for placing the payload, Ranger I, on the desired course.

The effort was called off Tuesday night because of technical problems. The next favorable period starts in about two weeks.

The experiment will attempt to place a satellite in orbit and from it launch the Ranger spacecraft deep into space to test techniques for sending future vehicles to the moon and beyond.

# Khrushchev Blueprint May Irritate Red China Group

By JOHN M. HIGHTOWER

WASHINGTON (AP)—The proposed Soviet Communist party program just published in Moscow is seen by authorities here as a possible new source of irritation and dispute between the Soviet Union and Red China.

Authorities who have studied the voluminous document say that its emphasis on a need for avoiding war and for Premier Khrushchev's policy of "peaceful co-existence" is sharply at variance with the more aggressive policy of the Communist Chinese leaders.

Furthermore, in the view of Washington authorities, the program sets up 20-year goals for the Soviet Communist system which the Soviets may at least dream of achieving but the Chinese Reds with their more backward and underdeveloped country have no hope of realizing in such a relatively short period.

The statement of Soviet Communist aims and doctrine, the first such massive doctrinal work in more than 40 years, was published in Moscow Sunday.

Several conclusions have been reached by some of the best-informed experts:

1. There is nothing fundamentally new or startling in the composition which some experts are beginning to refer to as the "Khrushchev doctrine" and others as a "pie-in-the-sky" statement of future hopes.

2. The main thrust of action insofar as foreign affairs are concerned is toward the underdeveloped countries of the world. The program draft makes "fraternal association" with such nations a cornerstone of Soviet foreign policy.

3. The goals which are set up for Communist achievement 20 years from now—including such things as rent-free housing, free education and child care supplied by the state—can only be achieved if there is no great war which diverts the resources of the Soviet Union on a huge scale to military purposes.

4. The avoidance of a thermonuclear conflict is described in the document as the first necessity of foreign relations and the document seems to reflect some confidence that peace may in fact be preserved.

5. The central policy theme set forth is that of "peaceful co-existence" but this does not mean any lessening of the "ideological struggle." The Communists are instructed to push their cause in every country but by means short of major war.

6. The document appears to reflect confidence that the triumph of communism over the world is inevitable.

Throughout the program the Soviet Union is presented as the leader and ideal model for all other Communist countries. Communists faithful to Moscow leadership are admonished to avoid the "dogmatism" of Red China and the "revisionism" of Yugoslavia.

## 2 FROM STATE LOSE LIVES IN BUS TRAGEDY

By THE ASSOCIATED PRESS

Two Pennsylvanians were among 16 Americans who drowned Wednesday when a tourist bus plunged into the deep waters of Lake Lucerne after colliding with a truck-trailer. Eight other Pennsylvanians escaped through the windows of the bus before it slid to the bottom.

The dead were listed as Miss Julia R. Schultz, of Altoona, and Miss Bronwyn W. Llewellyn, of Summit Hill, Carbon County.

Miss Schultz was a mathematics teacher at Keith Junior High School in Altoona. She has no known near relatives.

Miss Llewellyn, 56, had taught the last 38 years in the Summit Hill schools. She had written relatives from Rome a week ago that "there is so much to see and so little time to see it."

### HONEYMOONERS SURVIVE

Among the survivors were Mr. and Mrs. Robert L. Work, both 21, of Conneville. They were married June 22 and have been in Europe since then.

In Conneville, Mrs. William H. Swan, Mrs. Work's mother, said she had received a phone call from her daughter a few hours after the accident. She quoted her as saying:

"We are safe. We have been examined in a hospital and are now quarantined in the Hotel Metropole."

Two women and a 15-year-old girl from Coleson, near Norris-town, also survived. They were Mrs. Helen A. Egleson, 48, her friend, Mrs. Harma Hunsberger, 46, and Mrs. Hunsberger's daughter, Nancy. They were slightly injured. They were admitted to the Stans Municipal Hospital but were expected to be released today.

Neither Mrs. Egleson nor Mrs. Hunsberger have ever traveled before.

Mrs. Hunsberger, a widow, had looked forward to the trip for a year, according to her daughter, Mrs. Jane Centrella, of Jeffersonville.

"She suggested it to Mrs. Egleson," said Mrs. Centrella. Mrs. Centrella said she had received a postcard from her mother postmarked Vienna last Friday and "it sounded like she was having a ball."

The other Pennsylvania survivors were Mary Katherine Owens, who has taught in the Vandergrift Public Schools for about 25 years; Mildred McKown, a resident of Apollo who retired last semester after teaching first grade for 35 years in the Vandergrift schools; and Mrs. Pauline Hudson, a widow who teaches science and geography in Altoona's Keith Junior High.

By dialing a secret code from any telephone in the United States a subscriber will soon be able to get his messages repeated to him electronically by a robotic secretary connected to his home phone.

## BEHN TO HEAD WHITE HOUSE SS

WASHINGTON (AP)—Gerald A. Behn will be the new chief of the White House Secret Service detail, in charge of protecting President Kennedy and his family.

The White House announced Wednesday that Behn will succeed James J. Rowley who, in turn, will become chief of the en-

tire U.S. Secret Service upon the retirement of the present head, U. E. Baughman at the end of this month.

Behn is 45 and a Secret Service veteran. He joined the service in 1939, the same year he got a degree from Michigan State University where he majored in police administration. He was assigned to the White House detail in 1941 and promoted in 1946 to the leadership of one of the three shifts that rotate around the clock in

## State Reports Good Weather For Crops

HARRISBURG (AP)—The State Crop Reporting Service says the recent spell of high temperatures and humidity proved excellent growing weather for corn, hay and

pastures. However, while high temperatures were good for certain crops, they were less than ideal for grain harvesting, the service said Tuesday in its weekly summary.

guarding the chief executive.

Kennedy announced Behn's appointment after consultation with Rowley.

## Steel Production Is Headed Higher

NEW YORK (AP)—Steel production is headed for a higher-than-expected peak late this year,

Iron Age said today. The metalworking trade publication said predictions of close to 100 million tons of steel produced this year seem reasonable.

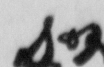

Output now is at about 60 per cent of capacity and probably won't average more than 65 per cent in the third quarter but 75 to 80 per cent for the fourth quarter is likely, Iron Age said.

## Lunar Landing Layout List Looks Like "Looney" Life

BALTIMORE, Md. (AP)—Tentative operational plans for stationing men on the moon were disclosed Wednesday.

The government-backed study mapped some strange methods for sustaining life in a still stranger environment.

"It's going to be a barren, monotonous place," said John De Nike, program manager for the lunar transport study.

### MARTIN CONTRACT

The planning project is being carried out by the Martin Co. under contract with the National Aeronautics and Space Administration.

A preliminary report said a decade or more may be needed to establish permanent bases on the moon. It outlined some of the techniques and conditions in prospect for the expedition.

Insulated balloons and caves or tunnels are foreseen as moon shelters, protecting against solar radiation and the extreme temperatures ranging from 250 degrees in daylight to 230 below zero in darkness.

### BORING MACHINES

Boring machinery for digging tunnels and other equipment for building bases is expected to be operated by remote control by a crew still within the space ship. Man himself presumably won't be able to do heavy construction work, since a chance break in his space suit could be fatal. It'll be a pushbutton construction job.

Vehicles for traveling about the moon's surface will have to be of special design, perhaps with wire-brush or rolling-sphere wheels, since rubber tires would deteriorate rapidly.

To make the space ship itself

maneuverable, so it can be moved about or its position changed, it will probably be supported on stilts that operate mechanically like walking legs.

Likely landing site is on the relatively flat areas within one of the large moon craters. Provisions must be made, however, for possible scattered boulders, jagged rocks or crevices.

Man will find his apparent strength and stride magnified six times, since gravitation on the moon is only a sixth that of earth. A three-foot earthbound step will carry him 18 feet.

### BASIC MISSION

The moon-expedition studies are making plans for three basic missions in this sequence: A lunar landing and immediate return for three men, a 30-day stay on the moon for three men and a permanent moon base which would accommodate 10 to 12 men.

For a brief stay, the space ship itself is likely to be the shelter. Roomier, more permanent quarters may be in huge pliable, inflatable balloons set up in clusters, with space between walls for insulation, to ward off solar flare radiation and extreme temperatures.

CAIRO (AP)—The newspaper Al Ahran said Wednesday Cuban Prime Minister Fidel Castro will visit the Soviet Union and the United Arab Republic after attending the conference of "uncommitted" nations in Belgrade next month.

While in Russia, Al Ahran said, Castro will receive the Lenin Peace Prize awarded him last April.

The Cuban embassy said it could not confirm the report.

## Littlestown

LITTLESTOWN—The Alta Hummer unit of the United Lutheran Church Women of St. John's Lutheran Church met Tuesday evening at the home of Mrs. Raymond Reinman, near town. Mrs. James L. Rhoades reported on the book, "One World, One Mission." There was prayer and the missionary benediction in unison.

Mrs. Robert Weaver, president, presided. It was decided to memorialize Mrs. Alta Hummer, who organized the group. Mrs. Preston Myers was appointed leader for the next meeting September 5 at the church. The hostesses will be Mrs. James Rhoades and Mrs. Albert Starnes. During the social hour refreshments were served by Mrs. Samuel Renner and Mrs. Reinman.

Sixty-two persons attended the pot luck supper held for the congregation of St. James' United Church of Christ Tuesday evening at the church. The affair was in charge of the Ladies' Aid Society and the program was arranged by Mrs. George Yealy. There was group singing, accompanied by Mrs. Donald Sentz; vocal solo, Jean Yealy, accompanied by Diane Yealy. The business was in charge of Mrs. H. Allen Walker. Miss Grace Spangler was appointed leader for the next meeting September 5 at the church. The hostesses will be Mrs. Jesse Slick, Mrs. Harold Krichen and Mrs. Clyde Dietrich.

The Littlestown Girls' 4-H Club held an outing Tuesday afternoon at Crouse's Pool with 30 members and guests in attendance. A covered dish supper was prepared by the members. The regular meeting of the club will be held Monday at 1:30 p.m. in the social hall of St. Paul's Lutheran Church. Members are asked to

bring their project books. There will be a show and tell by Shirley Bair, June Bechtel and Beverly Updyke.

LITTLESTOWN — The annual picnic of Christ United Church of Christ will be held Saturday in the church grove. Roast chicken and ham suppers will be served beginning at 3:30 p.m. Other refreshments will be available throughout the evening. Music will be provided by the Westminster Municipal Band.

The Littlestown High School Blue Band will rehearse this evening at 7:30 o'clock in the school auditorium.

The Church School department picnic of Centenary Methodist Church, including nursery to 12 year olds, will be held Saturday leaving from the church at 1 p.m. The affair will be held at Hershey Heights Pool. Each child will need money for swimming and a box lunch. Beverage and ice cream will be furnished.

Ham and turkey suppers will be served at the annual picnic of Grace Lutheran Church, Two Taverns, on Saturday at 4 p.m. Other refreshments will be available.

A public party will be held at 8 p.m. Saturday in St. Aloysius parish hall. Prizes will be awarded and refreshments will be available.

The Youth Fellowship of St. James' United Church of Christ will hold a picnic next Tuesday from 5 to 9 p.m. at Crouse's Pool.

### CHURCH RESOURCES GAIN

INDIANAPOLIS (AP)—Assets of the Disciples of Christ (Christian Churches) board of extension climbed from \$14,289,385 to \$19,332,581 during 1960, a gain of more than \$5 million and the biggest annual gain in the board's history.

## Kunkel Asks State Airshop Approval

WASHINGTON (AP)—Rep. John C. Kunkel has urged Senate approval of \$755,000 for an instrument repair shop at Olmsted Air Force Base, Pa.

The Air Force had asked for the sum, but it was omitted from the House-approved military construction appropriation bill on grounds that repair work could be done at Olmsted's present facilities or at other air force facilities.

Kunkel asked a Senate Armed Services Appropriations subcommittee Tuesday to restore the amounting to the House bill now before it "because of demonstrated need."

## GOP STALLING ALPERN VOTE

HARRISBURG (AP)—It will be a week or longer before the Senate acts on Gov. Lawrence's appointment of Atty. Gen. Anne X. Alpern to a vacancy on the State Supreme Court.

Democrats were ready to approve the appointment right after Lawrence formally submitted it Monday.

But Republicans were in a mood to take their time.

### SOUND SENTIMENT

Sen. Robert Fleming, R-Allegheny, said the Republicans had not even discussed it seriously in their caucus.

"We will take up her name in a week or so," he said, adding: "Some of our fellows want to sound out sentiment back home." A two-thirds vote of the Senate is required to approve the nomination.

ADVERTISE IN THE TIMES

## JERSEY MAN PLEASED WITH BOMB SHELTER

DELAWARE TOWNSHIP, N.J. (AP)—Ed Yanis is no longer ashamed of his fallout shelter.

Nor is he self-conscious about the neighbors thinking he was half crazy.

President Kennedy's address to the nation last week on the Berlin crisis and the need for Civil Defense has changed all that.

Yanis, a 31-year-old electronics engineer, proudly announced today that by next week he will have his fallout shelter in his backyard completed and equipped. It will provide protection from atomic radiation in case of war for himself, his wife and the couple's two children.

### EMPLOYED BY RCA

Yanis, who is employed at the Radio Corporation of America missile plant in Moorestown, N. J., was so inspired by the President's talk that he said he would be "very happy" to help anyone who wanted to build a shelter.

And, he said, if he had a chance to talk to the President, he would suggest several improvements in the Civil Defense program, such as providing food and medical kits and instructions on what to do after one survives.

Yanis started building the shelter last summer, digging a 9-by-12 foot hole, six-feet deep by hand in his spare time. He stopped for the winter, then resumed this summer. He used a Civil Defense booklet as his guide. The project cost him \$240.

### "WAS ASHAMED"

"At first I was ashamed of it," he said, "when neighbors would ask me about that hole I'd tell them I was building a wine cellar or a storage cellar. But they had caught on. When they found out they thought I was half nuts."

"Since the President's address two neighbors have come by and apologized for what they thought last year but did not say to my face. Now they say it's a pretty wise thing."

## INSECT DUST, RELIGHTING ARE HAZARDS

By THE ASSOCIATED PRESS  
Insect allergy, hazards in partially smoked cigarettes, and safe new sedatives are items in the medical news:

### INSECT DUST

Bits and pieces of common insects floating in the air are an important cause of hay fever and asthma, says an allergy specialist.

House flies, May flies, aphids, beetles, mites and other creatures contribute to the dust which humans inhale.

Some people are allergic only to the insect dust, while others get their troubles from a combination of the dust, molds, and pollens. The insect allergy is more common in Southern than in Northern states.

Many victims can be desensitized with anti-allergy shots, Dr. Samuel M. Feinberg of Northwestern University writes in Consultant magazine.

### RELIGHTERS

The habit of relighting half-consumed cigarettes may double a smoker's chances of getting lung cancer, say three British physicians.

They checked on 700 patients in Manchester hospitals. Among persons smoking 10 to 19 cigarettes daily, there were twice as many cases of lung tumors among those who relit cigarettes. The same held true for persons smoking 20 to 29 cigarettes daily, but differences were less clear among those smoking 30 or more.

Dr. John Dark, M. Pemberton and Marion Russell write in The Lancet.

"If relighting is a factor in lung cancer, it might go part way to explain the much greater incidence of the disease in Britain than in the United States where, since cigarettes are cheaper, there may be less temptation to relight half-smoked 'dimps' or partially consumed cigarettes," they said.

Barbiturates are estimated to account for 800 to 900 suicides a year.

With 26,000 members, the Patrolmen's Benevolent Association is the largest police association in the world.

## Berlin's Iron Curtain Is Porous Affair That Red Treaty Can Easily Close

EDITOR'S NOTE — A wandering line that even splits houses in two is the porous Iron Curtain that separates East from West in the crisis city of Berlin. In this second of a series of articles, AP correspondent Carl Hartman explains the geography of the situation and how it adds to the crisis.

By CARL HARTMAN  
BERLIN (AP)—Try to imagine the city of Washington split in two, with the Capitol in Communist hands and the White House held by the West.

Now try to imagine all the surrounding states east of the Mississippi River also under a Communist satellite government, but with the West still free. Temporary national capital — Columbia, Mo.

If you can get a situation like that clearly in mind, you've come a long way toward understanding what the situation in Berlin looks like on the ground.

**BIGGER THAN WASHINGTON**  
Greater Berlin is actually a good deal bigger than Washington—it includes about five times the area and population of the District of Columbia.

The city is split, not by anything so straight as Pennsylvania Avenue, but by a border that meanders some 25 miles through the middle of town, roughly from northwest to southwest. In some places it goes right down the center of once-busy streets. Elsewhere it leaves sidewalks on one side of the line and house doors on the other. There are a few places where it actually splits houses in half.

One of the oddest things about Berlin's little Iron Curtain is that it is so porous. Anyone can go back and forth by foot, car, subway or elevated train. Citizens of West Germany are supposed to get a special pass, but this is quickly given and Communist police rarely ask to see it.

**COUNTRY AREA**  
It's a very different story if you try to leave Berlin and visit the surrounding German countryside. For this, special permission is required by the East German Communist authorities, and it is not so easy to get. That Iron Curtain is not so porous.

In a crisis, the Communists might seal off East Berlin from West Berlin, almost as effectively as they have sealed off Berlin from the rest of Germany. It is their legal right to stay in Berlin and have access to it that the

Western powers have chosen to defend.

"How did Berlin get into this odd fix?"

**OCCUPATION ZONES**  
In 1944, when the allies of World War II were advancing toward Germany's borders, they got together in London and decided how they were going to rule the country when they reached it. They divided Germany into occupation zones.

Berlin was to be in the middle of the Soviet occupation zone. But since the allies were to rule the country jointly they devised a special setup for the capital. Each occupying power got an occupation sector within the city itself, but all were to work together. This scheme broke down in the conflicts among the allies after war ended.

West Germany — the British, French and American occupation zones—became the Federal Republic of Germany with its capital at Bonn, a little university town on the Rhine. Western troops stayed on as allies.

**EAST GERMANY**  
East Germany—the Soviet occupation zone—became the "German Democratic Republic," with its capital in East Berlin. The Soviets also continued to maintain their troops.

The Federal Republic and its allies refused to have anything to do with the Soviet satellite, officially. The rest of the world, except for the Communist bloc, followed suit. Nevertheless, East German communist officials took over more and more authority. They came to control all land and water routes to West Berlin, so far as German traffic was concerned.

The air lanes were all that remained in allied hands. Only small amounts of Western road and rail traffic, most of its military, continued to be checked through to Berlin by the Russians. Even official American trains were drawn by East German locomotives.

**SOVIET SOLDIER**  
But when an official U.S. car drew up to the Iron Curtain border station at Helmstedt, on its way to Berlin, there was still a Soviet soldier on hand — not an East German — to check its papers. That Soviet soldier symbolized Moscow's acceptance of Western rights in Berlin. When he waved the car on to the highway, he was saying in effect: "Go ahead — Moscow is standing by

## Send Spacemen To Medical Center

SAN ANTONIO, Tex. (AP)—America's seven astronauts have been ordered to this military medical center. First arrivals were tight-lipped as to purpose and how long they were to stay.

A spokesman for the National Aeronautics and Space Administration in Washington said the hand-picked crew will spend several days undergoing annual physical checkups at Lackland Air Force Base.

Four of the astronauts, Navy Cmdr. Alan Shepard, Marine Lt. Col. John Glenn Jr., Navy Lt. M. S. Carpenter and Navy Cmdr. Walter Schirra Jr., arrived Tuesday afternoon by commercial jet. Air Force Capt. Virgil (Gus) Grissom flew in from Orlando, Fla. The space agency announced that Air Force Maj. Donald Slayton and Capt. Leroy Cooper also would fly here.

**JERUSALEM, Israel (AP)**—The resumption of the Eichmann trial has been postponed from Thursday until Aug. 8.

A court statement Wednesday said one of the three judges is ill. The proceedings were recessed last week for eight days to enable state Atty. Gen. Gideon Hausner to prepare the prosecution's final summation.

**NAHA, Okinawa (AP)**—The U.S. Air Force announced Wednesday it will soon start a series of air sampling flights over international waters in the Western Pacific using two U2 planes based on Okinawa.

It said U2s had carried out similar flights from the United States, Argentina and Australia in recent years.

your right to go to Berlin."

The disappearance of this vestige of four-power rule is threatened by the Soviet promise to sign a peace treaty with its East German satellite before end of 1961. Such a treaty would withdraw the Soviet soldiers at Helmstedt and put an East German in their places, representing a government the United States doesn't recognize.

Would Washington let the driver of the official American car show his papers to the East German? Would the East German shoot if he didn't? Would the American shoot back?

Soviet officers might also be withdrawn from the Air Safety Center. The East Germans already have published a decree calling on all planes entering their territory to report to another center run by themselves. Would they fire on a Western plane if it refused?

## JURY INDICTS OPTIC MAKERS FOR MONOPOLY

MILWAUKEE (AP)—A federal grand jury Tuesday filed charges of monopoly and price-fixing against the world's two largest optical equipment manufacturers who issued emphatic denials.

Indicted were American Optical Co. of Southbridge, Mass., and Bausch & Lomb, Inc., of Rochester, N.Y. Also indicted were an executive of each company.

The grand jury said that in 1959 the two firms had combined sales of \$152 million, compared with \$33 million for their next four competitors.

### NOT JUSTIFIED

A spokesman for American Optical said in Southbridge that the charges "are not justified. The allegation of conspiracy between American Optical Co. and Bausch & Lomb are not true. The American Optical Co. vigorously denies that it or any of its officers in any way violated the antitrust laws. Its business has been conducted independently and without collusion with any competitor."

Alton K. Marsters, vice president of Bausch & Lomb, said, "we categorically deny having engaged in either such activity." The true bill was returned in U.S. District Court for eastern Wisconsin by a grand jury which has been taking testimony since January.

### SUBSIDIARY NAMED

Also named in the indictment was a subsidiary corporation wholly owned by American Optical and with the same name.

The parent voluntary organization is a nonprofit unit organized under the laws of Massachusetts and governed by a board of trustees. The true bill said the corporation was set up to operate in states where legality of the parent voluntary organization might be in doubt.

Officials indicted were Marsters and Victor D. Kniss, executive vice president of the American Optical Manufacturing Corporation and a trustee of the parent association.

Judge Robert E. Teahan set Sept. 11 for arraignment of the defendants.

**SAN ANTONIO, Tex. (AP)**—Maj. Gen. Willard K. Liebel, 60, former chief of the U.S. Military Assistance Advisory Group in Portugal, died Tuesday. Liebel, who retired in 1957, had been hospitalized since he suffered a heart attack July 18.

## PEOPLE RALLY TO SAVE BOY AFTER STORY

NEW YORK (AP)—A 2½-year-old boy who doctors said would die within a year is a healthy and normal child today, thanks to a Chicago specialist, a newspaper and a lot of New Yorkers who cared.

The youngster, Andrew Gottesman of Brooklyn, was born with "mixed-up insides." His appendix was on the wrong side. His alimentary tract was incomplete. His kidneys did not function properly.

Andrew was slowly dying of uremic poisoning. The doctors told the boy's mother, Betty Gottesman, 32, that the case was hopeless.

### NEWS ARTICLE

Two months ago, the mother went to the New York Daily News with her story. The newspaper printed an article on it, asking: "Must this brave little lad die now?"

People began to call Mrs. Gottesman with suggestions and offers of aid. One of them said her daughter had suffered from a similar condition and had been successfully treated by Dr. Ovar Swensen of Chicago.

The American Legion of Brooklyn offered financial help and a month ago Mrs. Gottesman took Andrew to Chicago.

After an examination, Swensen decided the case was not hopeless. He performed two operations on the child.

Andrew was back home Monday playing and romping on the floor like any other healthy child of his age.

## World Briefs

BUDAPEST (AP)—Communist Hungary will exchange ambassadors with Ghana and send technical experts to the young African nation. Agreement was reached during a three-day state visit by President Kwame Nkrumah of Ghana ended Monday.

ALTOONA, Pa. (AP)—Miss Sue Ellen Simpkins, 17, of Lewistown, died Wednesday and became the third victim of a head-on auto-truck crash last Friday night on Route 22 about 14 miles east of Hollidaysburg.

Miss Simpkins died in Altoona Hospital. Still in critical condition at the hospital from injuries suffered in the crash is Miss Catherine Farrell, 17, of Burnham.

The mothers of the girls were killed in the crash. They were Mrs. Mary Farrell of Burnham and Mrs. Florence Simpkins of Lewistown.

LONDON (AP)—Bing Crosby and Bob Hope Wednesday moved into Cranbourne Court, one of England's most stately homes.

For 400 pounds (\$1,120) a week, the two have rented Cranbourne Court for themselves and their families while they make a picture, "The Road to Hong Kong."

Nearby are two golf courses, a pub named the St. Crispian, Ascot race course and the rural Shepperton movie studios.

JOHANNESBURG, South Africa (AP)—South Africans braced Wednesday for their third national political campaign in three years.

Prime Minister Hendrik F. Verwoerd called a general election Oct. 18, nearly 18 months earlier than the law requires.

Opposition leaders as much as admitted that the shrewd, Dutch-born national party leader had made a foxy move likely to keep him in power five more years.

## ARTHRITIS IS PREVALENT IN MANY YOUTHS

By MARY CAMPBELL  
The Associated Press

John Morich hobbles around in his home town of Hilton, N. Y., with a left knee that is stiff, swollen and painful from arthritis.

John is 8. He has America's number one crippling disease, rheumatoid arthritis, thought by many persons to be an affliction of the aged. Actually 30,000 of its victims are children.

"Thousands of children have

Mary Barbara tried to tow the 2,076-ton freighter into Panama. The Marosanna sprang a leak Monday. Her 26-man crew was picked up by other vessels.

rheumatoid arthritis without knowing what the pain they suffer really is. Their parents may dismiss the aching in neck, knees, wrists or elbows as 'growing pains.'"

### EXTEND PROGRAM

So says Dr. William S. Clark, director of medical care for The National Foundation. The Foundation, formerly the National Foundation for Infantile Paralysis, in 1958 extended its program to include arthritis and birth defects.

Dr. Clark continues, "We now estimate that in the United States more than 50,000 adults who suffer from rheumatoid arthritis had their actual onset of the disease in childhood."

"Had they received physical therapy at that time, most of the crippling in maturity could have been prevented."

### BETTER CHANCE

"It stands to reason that the earlier the disease is detected, the better our chance to treat it and to stop its crippling."

Arthritis attacks the connective tissues of joints, causing inflammation, swelling, pain and often deformity. Severe cases in the very young may sometimes also affect internal organs and glands, the skin and eyes. Some cases are fatal.

The disease may come and go unpredictably, subside for an unexplained reason at puberty and return when the person is between 35 and 50 or disappear entirely after one or two attacks or at puberty.

During an acute attack of active rheumatoid arthritis, the child hurts all over, has fever, weakness, loss of appetite. When he feels better, he usually is encouraged to go back to school. Then the treatment consists primarily of exercises to maintain muscle strength, keep joints as flexible as possible and prevent deformity.

John Morich twice a day does a set of exercises worked out for him by physical therapists at the arthritis clinical center in Rochester, N. Y. He also takes

aspirin and hot tub baths to relieve his pain.

He visits the arthritis center once a month for examination by Dr. Kenneth Herd who has, at least temporarily, placed John's leg and foot in a cast.

The National Foundation maintains the Rochester center and arthritis centers at Dallas, San Francisco and New York City for patient care and research into cause, prevention, diagnosis, treatment and cure.

Dr. Clark says, "We no longer believe that nothing can be done about arthritis. The small vanguard of research scientists combating arthritis is growing; new recruits are joining them from many scientific fields."

"The prospect for the future was never more hopeful." Aborigines, a name first applied to an ancient Latin race, now signifies the original inhabitants of any country. New Zealand Maoris and North American Indians are examples.

### QUADRUPLE INCREASE

NEW YORK (AP)—Membership in the Roman Catholic Church in America has increased four times faster during the past century than the U. S. population as a whole, and now stands at 40,871,302, the Catholic Digest says.
